About Grass

Redirect to:

- [Poaceae](#)

This page is a **redirect**. The following **categories** are used to track and monitor this redirect:

- **Semi-protected**: This is a redirect from a title that is semi-protected from editing for any of several possible reasons.
 - **Please do not replace these redirected links** with links directly to the target page unless expressly advised to do so below or elsewhere on this page, or if the change is supported by a policy or guideline.
- **To scientific name of a plant**: This is a redirect from a **vernacular** ("common") name to the **scientific name** of a plant (or group of plants).
- **From a merge**: This is a redirect from a page that was merged into another page. This redirect was kept in order to preserve **the edit history of this page** after its content was merged into the content of the target page. Please *do not* remove the tag that generates this text (unless the need to recreate content on this page has been demonstrated) or delete this page.
 - For redirects with substantive **page histories** that *did not result from page merges* use **R with history** instead.
- **Mentioned in a hatnote**: This is a redirect from a title that is mentioned in a **hatnote** at the redirect target. The mention is usually atop the *target article*. It may, however, be directly under a section header, or in another article's hatnote (*whenever the hatnote is under a section, **R to section** should also be used*).
 - The titles of redirects mentioned in hatnotes may refer to a subject other than that of the target page. It is possible that this redirect may need to be retargeted, or become an article under its own title (see **R with possibilities**). If the title is a good candidate for a **Wiktionary** link, it may also be added.
- **With history**: This is a redirect from a page containing **substantive page history**. This page is kept as a redirect to preserve its former content and attributions. Please *do not* remove the tag that generates this text (unless the need to recreate content on this page has been demonstrated), nor delete this page.
 - This template should *not* be used for redirects having some edit history but no meaningful content in their previous versions, nor for redirects created as a result of a **page merge** (use **R from merge** instead), nor for redirects from a title that forms a historic part of Wikipedia (use **R with old history** instead).

When appropriate, **protection levels** are automatically sensed, described and categorized.

About hybrid grass

This article is about grass reinforced with other material. For grass hybrids, see [Grass \(disambiguation\)](#).

Hybrid grass or **reinforced natural grass** is a product created by combining natural [lawn grass](#) with reinforcing [synthetic fibres](#). It is used for stadiums^[1] and training pitches used for [association football](#),^[2] [rugby](#),^[3] [gridiron football](#)^[4] and [cricket](#).^[5] Reinforced natural grass can also be used for events and concerts. The synthetic fibres incorporated into the rootzone make the grass stronger and more resistant to damage.^[6]

A first generation of hybrid grass appeared in the 1990s. Grass roots were allowed to intertwine with a mix of soil and synthetic fibres as they grew.^[6] Three main methods exist to insert synthetic fibres in the root zone. The first is to inject fibres in the sand with a [tufting machine](#).^{[7][8]}

The second method is to mix fibres, [cork](#) and [sand](#) in an automated plant and to install it afterwards on the pitch. The system was created by a laboratory at the [Arts et Métiers ParisTech](#).^{[9][10][11]}

The third method is to put a [carpet](#) or mat with woven or tufted fibres on the surface, then to brush in sand or sand mixes to keep the fibres in an upright position and finally to seed grass mixtures on top. The natural grass roots through the mat and stabilizes the system. These systems are called carpet-based hybrid grass solutions.^[12]

A patio (/ˈæfʰeɪtə̃â€™AfÂcĂcâ€šÂ-Ŧ,Â'ĀfʰeɪĀcâ.-Â'ĀfÂcĂcâ€šÂ-Ŧ,Âpæti oĀfʰeɪtə̃â€™Āfâ€ĬĀ ĀfʰeɪĀcâ.-Ā'Āfâ€šÂ,[1] from Spanish: *patio* [Āfʰeɪtə̃â€™ĀfÂcĂcâ€šÂ-Ŧ,Â'ĀfʰeɪĀcâ.-Â'ĀfÂcĂcâ€šÂ-Ŧ,Â patjo] "courtyard", "forecourt", "yard", "little garden") is an outdoor space generally used for dining or recreation that adjoins a structure and is typically paved.[2] In **Australia**, the term is expanded to include roofed structures such as a **veranda**, which provides **protection** from **sun** and **rain**.^[3] Pronunciation can vary in Australia as well: *patty-oh* is perhaps more common generally although *payshee-oh* may be used by older Australians. ^[4]

—

Patios are most commonly paved with **concrete** or stone slabs (also known as paving flags). They can also be created using **bricks**, **block paving**, **tiles**, **cobbles** or **gravel**. Other kinds of patio materials these days include **alumawood**, **aluminum**, **acrylic** and glass. Other options include **concrete**, **stamped concrete**, and **aggregate concrete**.

[[edit](#)]

An outdoor seating area at a restaurant in [State College, Pennsylvania](#)

Patio is also a general term used for outdoor seating at restaurants, especially in [Canadian English](#). While common in Europe even before 1900, eating outdoors at restaurants in North America was exotic until the 1940s. The [Hotel St. Moritz](#) in New York in the 1950s advertised itself as having the first true continental cafe with outdoor seating. The [Toronto Star](#) welcomed that city's first patio in the 1960s. In the United States, having a warmer and sunnier climate than Northern Europe, outdoor dining grew rapidly in the 1960s and today is a popular dining experience in the warmer parts of the mainland.^[5]

(5)

Workers were great, no problem they did what was required, but the representative of your company mislead me on what was to be done, I showed pictures from a competitor landscaper, representative stated he could bet there , , . price, but since it wasn't in contract, I was left with uncomplicated backyard , working with owner at present, so he's been outstanding working on this situation, as amount of rock was way off and the owner did increase the amount substantially to finish the front yard. another landscaper under contract to finish the backyard. Would like to add a comment the manger/owner of Las Vegas yard n block stands behind his words and helped me tremendously on finishing up the backyard,

Reviews for Rock N Block - Turf N Hardscapes

D. Lopez

(5)

We recently had a very positive experience with Rock N Block for our fence replacement. The entire process went smoothly and exceeded our expectations. Harvey and his team were incredibly professional and communicative throughout the project providing much-needed assurance and peace of mind. The crew was punctual and maintained a diligent and respectful attitude that made the experience pleasant. The crew finished the project ahead of schedule, and the quality of their work is impressive; our new wall looks great! We recommend Rock N Block for any fencing needs and look forward to working with them again. Thank you, Harvey and crew, for a job well done!

(5)

Chris, the design consultant, Dave the production manager, along with their install team Opulent were affordable, upfront with costs, efficient and professional. Attached are some before and after pictures. Highly recommend their services.

Josh Bodell

(5)

Eric and team did an amazing job. They worked with me for months while I got HOA approval for the project. Once they began working they were great, going over everything in detail and making sure things were perfect. This project included wall repair, stucco and paint repair, paver and turf installation. Extremely satisfied with this experience.

Frequently Asked Questions

Does Rock N Block offer commercial artificial turf solutions?

Yes, they provide cost-effective and practical artificial turf solutions tailored for commercial properties.

Why should I hire a landscaping designer in Las Vegas?

A local landscaping designer brings specialized expertise in the region's unique climate and soil conditions. They'll recommend drought-tolerant plantings, efficient irrigation strategies, and hardscape solutions that handle desert heat. Designers also balance aesthetics and function—ensuring your yard is beautiful, water-wise, and easy to maintain. Many can help navigate homeowner association guidelines, building permits, or local rebate programs for lawn conversions. By collaborating with a professional, you avoid costly missteps like overwatering desert species or installing subpar rock without proper grading. In the end, a landscaping designer streamlines the entire process, crafting a cohesive, tailored landscape suited to Las Vegas living.

How do I keep my Las Vegas landscaping colorful year-round?

Although the desert climate can limit certain species, you can maintain color by selecting the right mix of blooms and foliage. Combine hardy flowering plants—like lantana, desert marigold, and penstemon—that produce vibrant hues in multiple seasons. Ornamental grasses can show interesting seed heads even as temperatures fluctuate. Succulents often boast colorful rosettes, and cacti yield eye-catching blooms in warmer months. Incorporate small shrubs known for extended flowering periods, such as Texas ranger, which sprouts purple blossoms after rain. Adding accent boulders or colored gravel boosts visual interest when flowers fade. Finally, consider nighttime landscape lighting to showcase silhouettes and subtle tints after dark.

How does a landscaping designer help manage HOA regulations in Las Vegas?

HOA rules can influence plant choices, hardscape styles, or yard features like fences and lighting. A knowledgeable landscaping designer understands these guidelines and ensures your plan meets all requirements, sparing you from fines or forced rework. They'll propose water-conscious plantings and rock scapes that align with HOA standards, such as limiting turf area or adhering to approved color palettes. Designers may submit the necessary documents or drawings to the HOA for official approval. By staying current on neighborhood regulations, they streamline the design phase, so you can achieve the look you want without clashing with community expectations.

Are financing options available for installations?

For information on financing options, it's best to contact Rock N Block directly through their website.

What maintenance is required for artificial grass?

Minimal maintenance is needed, such as regular cleaning to remove debris and occasional brushing to keep the fibers upright.
