with its share of benefits and drawbacks.

On the upside, one of the most prominent advantages is that it requires minimal

maintenance. Unlike natural grass which needs regular watering, mowing, fertilizing and pest control procedures, artificial turf demands none. This advantage becomes even more pronounced in an area like Las Vegas where water conservation is a critical issue. By opting for fake turf over natural grass, homeowners can contribute to preserving this crucial resource.

Fake turf also offers a year-round green aesthetic appeal that can endure under harsh sunlight or freezing temperatures alike - conditions common in Las Vegas' climate extremes. It remains consistently lush and vibrant throughout the year without any seasonal changes affecting its appearance.

However appealing these benefits might be, it's essential not to overlook some drawbacks associated with low-maintenance fake turf.

One major concern is how it interacts with the environment. While traditional lawns serve as habitats for microorganisms and insects contributing positively to biodiversity, artificial turfs do not provide such ecological benefits. Additionally, they don't aid in carbon sequestration – an important process carried out by plants to help mitigate climate change.

Another drawback revolves around heat absorption. Fake turfs tend to absorb heat rather than reflect it which can make them incredibly hot during summertime in Las Vegas – potentially harmful for children or pets playing on them.

Lastly, while installation costs may seem steep compared to planting natural grass initially - over time due to lack of hefty maintenance cost; it may prove economically beneficial with savings on water bills and lawn care services adding up significantly over the years.

In conclusion, low-maintenance fake turf presents a practical solution for Las Vegas' residents seeking an evergreen lawn without the constant upkeep. However, its environmental implications and heat absorption qualities cannot be overlooked. Hence, homeowners must weigh these factors before deciding whether this artificial substitute is a suitable replacement for their natural lawns.

## How to Choose the Right Artificial Turf for Your Las Vegas Property —

## **How to Choose the Right Artificial Turf for Your Las Vegas Property**

Choosing the right artificial turf for your Las Vegas property can be a daunting task, especially when you are aiming for a low-maintenance fake turf. The market is flooded with numerous options, each claiming to be the best. However, making an informed decision will not only enhance the aesthetic appeal of your property but also save you from future maintenance hassles.

Artificial turf has become increasingly popular in Las Vegas due to its ability to withstand extreme weather conditions and require less upkeep than natural grass. When choosing low-maintenance artificial turf in Las Vegas, consider factors such as quality, appearance, durability, cost, and installation procedure.

The quality of the artificial turf is crucial. All turfs are not created equal; some are more durable and realistic-looking than others. Opt for a high-quality product that offers UV protection to prevent fading from sunlight exposure. Additionally, look for non-toxic materials that are safe for children and pets.

The appearance of your turf should mimic natural grass as closely as possible. Choose a color that matches the local vegetation to make it blend seamlessly with your landscape. Also consider pile height - while longer blades may look lush and attractive initially; they tend to bend over time causing the yard to look flat.

Durability is another important aspect when selecting your artificial turf. Consider how much foot traffic your lawn will typically receive – if you have kids or pets who'll frequently use the area; you'll need a highly durable option that can endure wear and tear.

Cost-effectiveness goes beyond just purchase price; it involves considering long-term savings too. A low-maintenance fake turf implies lower watering costs, no fertilization or mowing expenses and minimal replacement over time.

Lastly, don't underestimate the importance of professional installation which includes proper ground preparation and seaming techniques ensuring longevity of your investment.

With these considerations in mind, you're well on your way to choose just the right artificial turf for your Las Vegas property - an investment that will not only beautify your outdoor space but also provide a low-maintenance, eco-friendly alternative to natural grass. Remember, the best turf for you is the one that meets your specific needs and lifestyle while offering value for money.

# Practical Tips for Maintaining Your Artificial Turf in Las Vegas

## Practical Tips for Maintaining Your Artificial Turf in Las Vegas

Maintaining artificial turf in Las Vegas can be quite challenging due to the city's harsh weather conditions. However, with proper care and maintenance, you can keep your fake grass looking fresh and lush all year round without breaking a sweat. Here are some practical tips that might come in handy.

Firstly, it's important to understand that although artificial turf requires less maintenance than natural grass, it does not mean no maintenance at all. Regular cleaning is essential to maintain the pristine look of your synthetic lawn. Use a broom or a leaf blower to remove leaves and other debris from the surface as often as necessary. This will prevent the accumulation of dirt and dust that may cause damage over time.

Secondly, rinsing your artificial turf regularly will help maintain its vibrant color and prevent odors. A simple water hose should do the trick for this task; however, during summer months when temperatures soar high in Las Vegas, you might want to consider watering more frequently to cool down the surface.

In addition, occasional brushing is also beneficial for keeping your artificial turf in top shape. Brushing helps fluff up compressed areas where heavy traffic occurs most often thus maintaining even distribution of infill particles which enhances its overall appearance.

Furthermore, professional deep cleaning once or twice a year could greatly prolong the lifespan of your synthetic lawn. Deep cleaning involves using specialized equipment such as power washers and extractors which effectively remove deeply embedded dirt and bacteria from your turf.

However, while maintaining cleanliness is crucial for preserving its aesthetic appeal, preventing damage is equally essential for ensuring longevity of your fake grass. Therefore avoid placing heavy objects on it for extended periods which can lead to compaction or flattening of fibers.

Finally yet importantly, prompt repair of minor damages like loose seams or small tears before they escalate into major problems could save you substantial amounts in replacements costs down the line.

In conclusion, maintaining an artificial turf in Las Vegas does require some effort but with the right approach, it can be a convenient and cost-effective alternative to natural grass. With these practical tips in mind, you can enjoy your low-maintenance fake turf without compromising its look and

durability.

**Case Studies: Success Stories of Low-Maintenance Fake Turf Applications in Las Vegas**

# **Case Studies: Success Stories of Low-Maintenance Fake Turf Applications in Las Vegas**

Title: Case Studies: Success Stories of Low-Maintenance Fake Turf Applications in Las Vegas

Artificial turf, also known as fake turf, has gained substantial popularity over the years, especially in regions like Las Vegas where the climate can be arid and inhospitable to natural grass. Artificial turf is not merely a low-maintenance alternative; it's an eco-friendly option that saves water and requires minimal upkeep. Let's delve into some successful case studies of low-maintenance fake turf applications in Las Vegas.

## **Case Study 1: Residential Lawns**

In one residential area in Las Vegas, many homeowners have opted for artificial turf to enhance their outdoor aesthetics without the burden of constant lawn care. One homeowner reported that after installing synthetic grass in his backyard, he was able to save significantly on water bills and enjoyed a vibrant green lawn throughout the year. The addition of artificial turf also increased his property value due to its appealing look and low maintenance requirements.

## **Case Study 2: Public Parks**

The city of Las Vegas has taken steps towards sustainability by introducing artificial turfs in many public parks. For instance, Centennial Hills Park added artificial grass and witnessed a drastic reduction in its landscape maintenance costs. Moreover, park visitors applauded this initiative as it provided them with lush green spaces all year round without any mud or puddles during rainy seasons.

## **Case Study 3: School Grounds**

School districts across Las Vegas have been replacing natural grass with synthetic ones on their sports grounds and play areas. A report from a local school revealed they were spending excessive amounts on watering and maintaining their expansive fields before they switched to synthetic turf. After the transition, they noticed significant savings along with consistent playing conditions for students irrespective of weather variations.

## **Case Study 4: Commercial Properties**

Several commercial properties including shopping centers and hotels are embracing fake turfs for their landscaping needs in Las Vegas. These establishments enjoy cost-efficiency through reduced water usage and lower maintenance expenses, while still providing their customers with an appealing and comfortable environment. For instance, a shopping mall that replaced its natural grass with artificial turf reported enhanced customer satisfaction because the turf remained lush green all year round.

These case studies illustrate how several sections of Las Vegas society have successfully adopted

low-maintenance fake turf applications to not only save costs but also conserve water in a region where it's scarce. This shift has resulted in significant economic and environmental benefits, making synthetic turfs an ideal choice for landscapes in arid regions like Las Vegas.

**Paradise** is an **unincorporated town**<sup>[2]</sup> and **census-designated place** (CDP) in **Clark County, Nevada**, United States, adjacent to the city of **Las Vegas**. It was formed on December 8, 1950. Its population was 191,238 at the 2020 census, making it the fifth-most-populous CDP in the United States; if it were an incorporated city, it would be the fifth-largest in Nevada.<sup>[3]</sup> As an unincorporated town, it is governed by the **Clark County Commission** with input from the Paradise Town Advisory Board.

Paradise contains **Harry Reid International Airport**, the **University of Nevada, Las Vegas** (UNLV), the majority of the **Las Vegas Strip**, and most of the tourist attractions in the Las Vegas area (excluding **downtown**). However, all Paradise addresses, as well as other unincorporated areas in the **Las Vegas Valley**, have "Las Vegas" addresses.<sup>[4]</sup>

## History

<sup>[edit]</sup>

The southern part of the **Las Vegas Valley** was referred to as Paradise Valley as early as 1910, owing to a high **water table** that made the land particularly fertile for farming.<sup>[5][6]</sup> County commissioners established a Paradise school district in 1914.<sup>[7]</sup>

Neighborhoods on the east side of Paradise

In 1950, mayor Ernie Cragin of Las Vegas sought to annex the **Las Vegas Strip**, which was unincorporated territory, in order to expand the city's tax base to fund his ambitious building agenda and pay down the city's rising debt.<sup>[8]</sup> A group of casino executives, led by **Gus Greenbaum** of the **Flamingo**, lobbied the county commissioners for town status, which would prevent the city from annexing the land without the commission's approval.<sup>[8]</sup> The commission voted to create the unincorporated town of Paradise on December 8, 1950.<sup>[9][10]</sup> The town encompassed a strip one mile (1.6 km) wide and four miles (6.4 km) long, from the southern city limits of Las Vegas to just south of the Flamingo.<sup>[10]</sup> The town board initially consisted of five casino managers, chaired by Greenbaum.<sup>[10][11]</sup>

A month after its establishment, the town was expanded to include the residential areas of Paradise Valley, giving it a total area of 54 square miles (140 km<sup>2</sup>).<sup>[11]</sup> Months later, however, it was reported that county officials had determined that the town had not been properly established, because the petition for the town's formation had an insufficient number of signatures and because it had violated a state law forbidding formation of a town spanning multiple school districts.<sup>[12]</sup> On August 20, 1951, county commissioners accepted petitions to create two new towns covering the area of the putative town.<sup>[13]</sup> Town "A" of Paradise included the areas that lay within a Las Vegas school district, extending from the city limits to a point one mile south, while Town "B" included the areas within the Paradise school district.<sup>[12]</sup>

In 1953, Town A was renamed as **Winchester**, and Town B became known simply as Paradise.<sup>[14]</sup>

In 1975, Nevada enacted a law that would have incorporated Paradise (along with **Sunrise Manor** and Winchester) into the City of Las Vegas.<sup>[15]</sup> Before it could take effect, however, the bill was struck down as unconstitutional by the **Nevada Supreme Court**.<sup>[16][17]</sup>

Geography

[\[edit\]](#)

According to the **United States Census Bureau**, the **census-designated place** (CDP) of Paradise (which may not coincide exactly with the town boundaries) has a total area of 46.7 square miles (121 km<sup>2</sup>), all of it land.

The official town boundaries are bordered by **Desert Inn Road** to the north, **Nellis Boulevard** to the east, **Sunset Road** to the south and **Decatur Boulevard** to the west. There is a southern finger between Bermuda Road and **Eastern Avenue** south to Silverado Ranch Boulevard. South of **Russell Road**, the eastern border stairsteps on a rough 45-degree angle toward the corner of Eastern and Robindale Road, and there is an additional finger surrounding **Interstate 215** east to **St. Rose Parkway**.<sup>[18]</sup>

Demographics

<b>2010</b>	223,167		19.9%
<b>2020</b>	191,238		?14.3%

source:<sup>[19]</sup>

At the **census** of 2010,<sup>[20]</sup> there were 223,167 people residing in Paradise. The racial makeup was 59.8% **White**, 10.0% **African American**, 0.8% **Native American**, 9.5% **Asian**, 1.0% **Pacific Islander**, and 5.5% from two or more races. **Hispanic** or **Latino** residents made up 31.2% of the population, and 46.3% of the population was **non-Hispanic White**.

As of the **census**<sup>[21]</sup> of 2000, there were 186,070 people, 77,209 households, and 43,314 families residing in the CDP. The population density was 3,947.3 inhabitants per square mile (1,524.1/km<sup>2</sup>). There were 85,398 housing units at an average density of 1,811.6 per square mile (699.5/km<sup>2</sup>). The racial makeup of the CDP was 72.51% **White**, 6.59% **African American**, 0.77% **Native American**, 6.52% **Asian**, 0.59% **Pacific Islander**, 8.37% from **other races**, and 4.65% from two or more races. **Hispanic** or **Latino** of any race were 23.47% of the population.

There were 77,209 households, out of which 24.6% had children under the age of 18 living with them, 39.7% were **married couples** living together, 10.5% had a female householder with no husband present, and 43.9% were non-families. 31.9% of all households were made up of individuals, and 7.5% had someone living alone who was 65 years of age or older. The average household size was 2.39 and the average family size was 3.04.

In the CDP, 21.2% was under the age of 18, 10.8% from 18 to 24, 33.3% from 25 to 44, 23.6% from 45 to 64, and 11.1% was 65 years of age or older. The median age was 35 years. For every 100 females, there were 109.1 males. For every 100 females age 18 and over, there were 110.0 males.

The median income for a household in the CDP was \$39,376, and the median income for a family was \$46,578. Males had a median income of \$31,412 versus \$25,898 for females. The **per capita income** for the CDP was \$21,258. 11.8% of the population and 8.1% of families were below the **poverty line**. 15.3% of those under the age of 18 and 7.6% of those 65 and older were living below the poverty line.

## About Landscape design

This article **needs additional citations for verification**. Please help **improve this article** by **adding citations to reliable sources**. Unsourced material may be challenged and removed.

*Find sources: "Landscape design" – news · newspapers · books · scholar · JSTOR (May 2016) (*Learn how and when to remove this message*)*

**Central Park** in **Manhattan**, the first landscaped **urban park** in the United States

**Landscape design** is an independent profession and a design and art tradition, practiced by landscape designers, combining **nature** and **culture**. In contemporary practice, landscape design bridges the space between **landscape architecture** and **garden design**.<sup>[1]</sup>

## Design scope

[**edit**]

Landscape design focuses on both the integrated master **landscape planning** of a property and the specific **garden design** of landscape elements and plants within it. The practical, **aesthetic**,

**horticultural**, and environmental **sustainability** are also components of landscape design, which is often divided into **hardscape** design and **softscape** design. Landscape designers often collaborate with related disciplines such as **architecture**, **civil engineering**, **surveying**, **landscape contracting**, and artisan specialties.

Design projects may involve two different professional roles: landscape design and landscape architecture.

- Landscape design typically involves artistic composition and artisanship, horticultural finesse and expertise, and emphasis on detailed site involvement from conceptual stages through to final construction.
- Landscape architecture focuses more on urban planning, city and regional parks, civic and corporate landscapes, large scale interdisciplinary projects, and delegation to contractors after completing designs.

There can be a significant overlap of talent and skill between the two roles, depending on the education, licensing, and experience of the professional. Both landscape designers and landscape architects practice landscape design. **[2]**

## Design approach

**[edit]**

Autumn colours at **Stourhead** gardens

The landscape design phase consists of research, gathering ideas, and setting a plan. Design factors include objective qualities such as: climate and microclimates; topography and orientation, site drainage and **groundwater recharge**; municipal and resource building codes; soils and irrigation; human and vehicular access and circulation; recreational amenities (i.e., sports and water); furnishings and lighting; **native plant** habitat botany when present; property safety and security; **construction detailing**; and other measurable considerations.

Design factors also include subjective qualities such as **genius loci** (the special site qualities to emphasize); client's needs and preferences; desirable plants and elements to retain on site, modify, or replace, and that may be available for **borrowed scenery** from beyond; artistic composition from perspectives of both looking upon and observing from within; spatial development and definition – using lines, sense of scale, and balance and symmetry; plant palettes; and artistic **focal points** for enjoyment. There are innumerable other design factors and considerations brought to the complex process of designing a garden that is beautiful, well-

functioning, and that thrives over time.

The up-and-coming practice of online landscape design allows professional landscapers to remotely design and plan sites through manipulation of two-dimensional images without ever physically visiting the location. Due to the frequent lack of non-visual, supplementary data such as soil assessments and pH tests, online landscaping necessarily must focus on incorporating only plants which are tolerant across many diverse soil conditions.

## Training

[edit]

**André Le Nôtre**

Historically, landscape designers trained by apprenticing—such as **André Le Nôtre**, who apprenticed with his father before designing the **Gardens of Versailles**—to accomplished masters in the field, with the titular name varying and reputation paramount for a career. The professional section of garden designers in Europe and the Americas went by the name "Landscape Gardener". In the 1890s, the distinct classification of **landscape architect** was created, with educational and licensing test requirements for using the title legally. **Beatrix Farrand**, the sole woman in the founding group, refused the title preferring Landscape Gardener. Matching the client and technical needs of a project, and the appropriate practitioner with talent, legal qualifications, and experienced skills, surmounts title nomenclature.<sup>[**citation needed**]</sup>

Institutional education in landscape design appeared in the early 20th century. Over time it became available at various levels. Ornamental horticulture programs with design components are offered at community college and universities within **schools of agriculture** or horticulture, with some beginning to offer garden or landscape design certificates and degrees. Departments of landscape architecture are located within university schools of architecture or **environmental design**, with undergraduate and graduate degrees offered. Specialties and minors are available in horticultural botany, **horticulture**, **natural resources**, **landscape engineering**, **construction management**, **fine** and **applied arts**, and **landscape design history**. Traditionally, hand-drawn drawings documented the design and position of features for construction, but **Landscape design software** is frequently used now.<sup>[**citation needed**]</sup>

Other routes of training are through informal apprenticeships with practicing landscape designers, landscape architects, landscape contractors, gardeners, nurseries and garden centers, and docent programs at botanical and public gardens. Since the landscape designer title does not have a college degree or licensing requirements to be used, there is a very wide range of sophistication, aesthetic talent, technical expertise, and specialty strengths to be responsibly matched with specific client and project requirements.<sup>[*citation needed*]</sup>

## Gardening

[*edit*]

Many landscape designers have an interest and involvement with **gardening**, personally or professionally. Gardens are dynamic and not static after construction and planting are completed, and so in some ways are "never done". Involvement with **landscape management** and direction of the ongoing garden direction, evolution, and care depend on the professional's and client's needs and inclinations. As with the other interrelated landscape disciplines, there can be an overlap of services offered under the titles of landscape designer or professional gardener.<sup>[2]</sup>

# Summerlin

## Planned community

Neighborhood of **Las Vegas**, Nevada

Summerlin Entrance Marker

Image not found or type unknown

Summerlin Entrance Marker

Summerlin is located in Nevada

Coordinates: 36°11'N 115°20'W / 36.183°N 115.333°W

Country	United States
State	Nevada
County	Clark
City	Las Vegas
Founded	1990; 35 years ago
Founded by	Summa Corporation
Named for	Jean Amelia Summerlin
Associations	Summerlin North
	Summerlin South
	Summerlin West
	Sun City Summerlin
	Siena

**Summerlin** is a **community** in the **Las Vegas Valley** of Southern **Nevada**. It lies at the edge of the **Spring Mountains** and **Red Rock Canyon** to the west; it includes the census-designated place of **Summerlin South**, is partly within the official city limits of **Las Vegas** and partly within unincorporated **Clark County**. This community occupies over 22,500 acres and holds over 230 parks, more than two dozen public and private schools, 14 houses of worship, ten golf courses, three resort hotels, recreational facilities, retail and entertainment centers, well-established office parks, a medical center, and more.[1]

The community is divided into three associations (North, **South**, and West), which oversee two dozen commercial and residential villages.

At the time of the 2010 census, Summerlin's population was nearly 100,000, having risen from 59,000 residents in the year 2000.[2]

Summerlin was named after Jean Amelia Summerlin, the grandmother of billionaire land developer **Howard Hughes**. The **Howard Hughes Corporation** maintains ownership of the master-planned community, along with **Downtown Summerlin** (the community's premier shopping, dining, and entertainment district) and the **Las Vegas Ballpark** (home of the **Las Vegas Aviators minor league baseball** team, which is named in Hughes' honor).

## History

[edit]

In 1952, the film director, aviator, and casino mogul **Howard Hughes** purchased 25,000 acres (10,000 ha) of land in Southern Nevada, making him the Las Vegas Valley's largest landowner.[3] Despite his initial intentions, he ultimately chose not to relocate his company to Nevada, so the purchased land remained undeveloped and empty for decades. After Hughes died of kidney failure in 1976, the **Summa Corporation** was organized by his heirs to oversee his vast business empire and land holdings. In 1988, the corporation announced that they would be developing the empty acres of land into a master-planned commercial and residential community. They named the project "Summerlin", after Hughes' paternal grandmother, Jean Amelia Summerlin.[4]

In preparation for this large-scale development, Summa Corporation made a deal with the **Bureau of Land Management** in which they traded 5,000 acres of environmentally sensitive land for 3,000 acres of land better suited for development. After this environmental concern was addressed, development began. By the end of 1990, the construction of Summerlin's first residential village, park, and school had been completed.[4] In 1994, Summa Corporation rebranded itself as the **Howard Hughes Corporation** and continued to develop new Summerlin villages.

New home construction continued to boom through the turn of the century. From 1997 to 2007, Summerlin was consistently ranked as the #1 community in the nation for new home sales.[4] The **Great Recession** caused a temporary slow-down in construction, but signs of revival became especially apparent in 2014, when **Downtown Summerlin** opened, bringing 106 acres of shopping, dining, and entertainment to Summerlin residents. Residential development also

saw a great revival following the recession, and by 2016, Summerlin was once again one of the top communities in America for new home sales.<sup>[4]</sup>

Summerlin is still a growing community. As of 2018, over two dozen commercial and residential villages have been constructed, with over 6,000 acres still available for future development.<sup>[4]</sup>

Geography

[\[edit\]](#)

Climate

[\[edit\]](#)

Summerlin has a hot desert climate typical of the **Mojave Desert** in which it lies (**Köppen climate classification**: BWh).

Summers tend to be very hot and very dry, with daily highs often exceeding 100 degrees Fahrenheit; temperatures as high as 118 degrees have been observed. The spring and fall seasons are generally sunny, warm, and dry, with daily highs in the 70s and 80s. Winters tend to be cool and windy, with daily highs in the 50s; temperatures seldom drop below freezing, and snowfall is rare, but some rain is common (especially in January and February).

Economy

[\[edit\]](#)

**Allegiant Air** has their corporate headquarters in Summerlin.<sup>[6][7][8]</sup>

Hotel and casinos

[\[edit\]](#)

- The Summerlin area is home to three major resort casinos:
- **JW Marriott Las Vegas**, which includes the attached Rampart Casino, both opened in 1999.<sup>[9]</sup>
  - **Red Rock Casino, Resort & Spa**, opened in 2006.<sup>[10]</sup>
  - **Suncoast Hotel and Casino**, opened in 2000. Generally considered a Summerlin property,<sup>[11][12]</sup> but actually located just outside the community.<sup>[13]</sup>

Summerlin is also home to a non-gaming hotel known as Element Las Vegas, developed by **Westin Hotels**.<sup>[14][15]</sup> It opened in 2008.<sup>[16][17]</sup>

## Arts and culture

[[edit](#)]

## Downtown Summerlin

[[edit](#)]

Main articles: [Downtown Summerlin](#) and [Downtown Summerlin \(shopping center\)](#)

A palm tree-lined street in Downtown Summerlin

**Downtown Summerlin** is a 400-acre (160 ha) **mixed-use** district. It opened in 2014, and includes a 106-acre (43 ha) shopping center with more than 125 shops, bars, and restaurants.<sup>[18]</sup> It also features office and residential space.<sup>[19][20][21]</sup> In addition, Downtown Summerlin also includes two sports facilities:<sup>[22]</sup>

- **City National Arena**, opened in 2017. It serves as a practice facility for the **Vegas Golden Knights** NHL franchise and is also the home arena of the **UNLV Rebels** hockey program.<sup>[23]</sup>
- **Las Vegas Ballpark**, opened in 2019 and home of the **Las Vegas Aviators** minor league baseball team.<sup>[24]</sup>

Local events are held in Downtown Summerlin throughout the year, including an annual art festival,<sup>[25][26]</sup> outdoor fitness classes, wine walks, holiday festivals, and visits from celebrity guest speakers.<sup>[*citation needed*]</sup>

## Library

[[edit](#)]

Summerlin has a **public library**, a branch of the Las Vegas-Clark County Library District.<sup>[27]</sup>

## Sports

[[edit](#)]

The city's NHL franchise, the **Vegas Golden Knights**, practice at City National Arena in Summerlin. The arena also offers skating lessons, hosts youth and adult amateur hockey leagues, and trains competitive figure skaters.<sup>[28]</sup>

The **UNLV** Hockey team plays its home games at City National Arena in Summerlin.

The **Las Vegas Aviators** (a **minor league** baseball franchise) play at the **Las Vegas Ballpark** in Summerlin.

## **Parks and recreation**

[\[edit\]](#)

## **Cycling**

[\[edit\]](#)

Bicycle lanes are provided on most major roads in Summerlin, as well as in the adjacent **Red Rock Canyon National Conservation Area**.

## **Community parks**

[\[edit\]](#)

Large community parks, which are available for free public use, are located throughout Summerlin. As of 2018, there are 25 community parks that feature a variety of recreational amenities, which may include: community centers, barbecue areas, walking trails, playgrounds, swimming pools, interactive water features, soccer fields, baseball fields, football fields, basketball courts, tennis courts, volleyball courts, bocce ball and shuffleboard courts, and motorized toy areas. In addition, the parks with community centers typically offer special events, classes, and children's camps.<sup>[\[29\]](#)</sup>

## **Walking trails**

[\[edit\]](#)

As of 2018, the Summerlin Trail System is more than 150 miles long and connects local neighborhoods to various amenities throughout the community.<sup>[\[30\]](#)</sup> The system includes five types of planned trails: street-side, village, bike, regional, and natural.

Upon completion, the trail system will be more than 200 miles long and will connect to more than 2,000 miles of regional trails, making it one of the most comprehensive and efficient trail systems in the southwestern United States.

In 2008, Summerlin and the **Howard Hughes Corporation** received the American Trails Developer Award, which is given to developers in recognition of "quality, well designed multi-use trails systems that are integrated into private developments."<sup>[\[31\]](#)</sup>

## Mountain recreation

[[edit](#)]

The adjacent **Red Rock Canyon National Conservation Area** offers 26 hiking trails (ranging in difficulty from easy to strenuous). The canyon is also suitable for bouldering and rock climbing and has an overnight camp site.<sup>[32]</sup>

## Government

[[edit](#)]

The headquarters for the **Howard Hughes Corporation**, which owns and maintains the Summerlin master-planned community.

A small section of suburban development in Summerlin.

Summerlin lies partially within an incorporated municipality and partially within an unincorporated area. It is patrolled by the Las Vegas Metropolitan Police Department - Summerlin Area Command.

The area north of **Charleston Boulevard** is within the city of **Las Vegas**, while the area south of Charleston Boulevard is located in unincorporated **Clark County**. As a planned community, Summerlin is managed by three master associations (Summerlin North, **Summerlin South**, and Summerlin West). Summerlin is further developed into commercial and residential villages. Many individual subdivisions also have their own **homeowners associations**.<sup>[[citation needed](#)]</sup>

Summerlin has three **age-restricted communities** for senior citizens (**Sun City Summerlin**, The Regency, and Siena).<sup>[[citation needed](#)]</sup>

## Education

[[edit](#)]

### Public schools

[[edit](#)]

Public schools in Summerlin belong to the **Clark County School District**, which serves almost all of **Southern Nevada**.

### Elementary schools located in Summerlin

[[edit](#)]

- Shelley Berkley Elementary School
- John W. Bonner Elementary School
- Roger M. Bryan Elementary School
- Linda Rankin Givens Elementary School
- John & Judy Goolsby Elementary School
- William R. Lummis Elementary School
- D'vorre & Hal Ober Elementary School
- Ethel W. Staton Elementary School
- James B. McMillan Elementary
- Katz Elementary

### Middle schools located in Summerlin

[[edit](#)]

- Ernest Becker Middle School
- Victoria Fertitta Middle School
- Sig Rogich Middle School

### High schools located in Summerlin

[[edit](#)]

- **Palo Verde High School**
- **Cimarron-Memorial High School**
- **West Career And Technical Academy** (magnet school)

In addition to the above-listed public schools, some Summerlin residents may be zoned for schools located just outside of the Summerlin boundaries (many families in Summerlin South, for

example, are zoned for **Durango High School** in nearby Spring Valley).[33]

## Private schools

[[edit](#)]

Summerlin is also home to several private schools, including:

- **The Adelson Educational Campus** (K-12; Jewish)
- **Alexander Dawson School** (K-8; Secular)
- **Bishop Gorman High School** (9-12; Catholic)
- **Faith Lutheran Academy** (K-5; Lutheran)
- **Faith Lutheran Jr/Sr High School** (6-12; Lutheran)
- **The Meadows School** (K-12; Secular)
- Merryhill School (K-5; Secular)
- St. Elizabeth Ann Seton Catholic School (K-8; Catholic)
- The Shenker Academy (Kindergarten only; Jewish)
- Sholom Schechter Day School of Las Vegas (K-5; Jewish)

## Higher education

[[edit](#)]

Higher education within the community of Summerlin is mostly limited to small satellite campuses, including:

- The **College of Southern Nevada** (Summerlin Center Campus; Public)
- The **Roseman University of Health Sciences** (Summerlin Campus; Private)

However, Summerlin is also located within 10 miles of the **College of Southern Nevada's** main campus (CSN - Charleston), within 20 miles of the **University of Nevada, Las Vegas** (UNLV), and within 30 miles of **Nevada State College** (NSC).

## Infrastructure

[[edit](#)]

## Healthcare

[[edit](#)]

The **Summerlin Hospital** Medical Center, a private hospital operated by the Valley Health System, provides 485 beds to the local community. It is an accredited Chest Pain Center and Primary Stroke Center. Other features include: the Children's Medical Center, the Breast Care Center, the Cancer Center, the Rehab Center, and the Robotic Surgery Center. Its 40-acre

campus is located in The Crossings village of Summerlin North.<sup>[34]</sup>

## About Artificial Turf

Redirect to:

- Artificial turf
- From other capitalisation: This is a redirect from a title with another method of capitalisation. It leads to the title in accordance with the **Wikipedia naming conventions for capitalisation**, or it leads to a title that is associated in some way with the conventional capitalisation of this redirect title. This may help writing, searching and international language issues.
  - If this redirect is an incorrect capitalisation, then **R from miscapitalisation** should be used *instead*, and pages that use this link should be updated to link *directly* to the target. Miscapitalisations can be tagged in *any namespace*.
  - Use this rcat to tag *only* **mainspace** redirects; when other capitalisations are in other namespaces, use **R from modification** *instead*.

## Reviews for Rock N Block - Turf N Hardscapes

---

found or type unknown

**Jeanette Sanchez**

**(5)**

Quality Work! Friendly and respectful individuals in all my interactions throughout the project. I had my yard renovated with new artificial turf, decorative rocks, and a few trees. It looks beautiful and everything was completed in a timely and efficient manner. Highly recommended (if it is in your budget).

**(5)**

Workers were great, no problem they did what was required, but the representative of your company misled me on what was to be done, I showed pictures from a competitor landscaper, representative stated he could bet there , , . price, but since it wasn't in contract, I was left with uncomplicated backyard , working with owner at present, so he's been outstanding working on this situation, as amount of rock was way off and the owner did increase the amount substantially to finish the front yard. another landscaper under contract to finish the backyard. Would like to add a comment the manger/owner of Las Vegas yard n block stands behind his words and helped me tremendously on finishing up the backyard,

**(5)**

My initial contact was with Ray, whom did an excellent job giving me an estimate on what I wanted done in my small yard and walkway., the guys that came out and did the work were superior. They did an excellent job. I'm very pleased with this company. I will highly recommend them to family and friends, and I will be using them in the near future for other little projects.

**(5)**

Eric and team did an amazing job. They worked with me for months while I got HOA approval for the project. Once they began working they were great, going over everything in detail and making sure things were perfect. This project included wall repair, stucco and paint repair, paver and turf installation. Extremely satisfied with this experience.

**(5)**

We recently had a very positive experience with Rock N Block for our fence replacement. The entire process went smoothly and exceeded our expectations. Harvey and his team were incredibly professional and communicative throughout the project providing much-needed assurance and peace of mind. The crew was punctual and maintained a diligent and respectful attitude that made the experience pleasant. The crew finished the project ahead of schedule, and the quality of their work is impressive; our new wall looks great! We recommend Rock N Block for any fencing needs and look forward to working with them again. Thank you, Harvey and crew, for a job well done!

## Frequently Asked Questions

What are the benefits of using low-maintenance fake turf in Las Vegas?

The key benefits include minimal maintenance, it remains green all year round despite weather conditions, its water efficient - a crucial factor for a desert city like Las Vegas - and its durable against heavy use.

How does the cost of installing artificial turf in Las Vegas compare to maintaining real grass?

While the initial cost of installing artificial turf can be higher than planting real grass, its low maintenance needs and no watering requirement mean you could save more money over time.

**How long does artificial turf last in a high-traffic area like Las Vegas?**

Quality artificial turfs have an average lifespan of 15 to 20 years depending on usage and maintenance. However, even with high traffic, quality synthetic lawns are designed to withstand wear and tear.

**Does artificial turf heat up in the hot climate of Las Vegas?**

Yes, it can get warm when directly exposed to sunlight for prolonged periods. But newer types come with heat reduction technology that significantly reduces surface temperature.

**How environmentally friendly is low-maintenance fake turf compared to natural grass?**

Fake turf doesn't require watering or regular mowing which saves energy and water resources. However, it isn't biodegradable like natural grass. It's also made from recycled materials in many cases which adds to its eco-friendliness.
