For starters, synthetic turf requires less maintenance than natural grass. No need for watering, mowing or fertilizing. Plus, you won't have any pesky bugs crawling around in it. Most importantly though (and this is where the variety comes in), synthetic turf can be tailored to suit any specific needs or requirements.

You see, not all synthetic turfs are created equal! Different manufacturers offer different types of turfs designed for various applications. Some turfs are perfect for residential lawns and gardens while others are more suited for sports fields or commercial properties.

Las Vegas suppliers sure do know their stuff! They provide a wide range of options from short-pile turfs (those ones with short blades) ideal for putting greens to long-pile turfs (the ones with longer blades) that give a lush and luxurious look perfect for your backyard oasis.

But wait – there's more! Durability ain't something you should overlook when choosing your synthetic turf. Some types are more durable than others and can withstand heavy foot traffic without losing their visual appeal. And then there's color! Who'd have thought there was so much variety in green? From light shades mimicking early spring growth to rich dark hues resembling mature summer lawns – the choice is all yours!

So, there you have it! Understanding the variety of synthetic turf offered by Las Vegas suppliers ain't that hard after all. Just remember, what's most important is finding a turf that suits your specific needs and preferences. And hey, don't be afraid to ask for help - these suppliers are experts in their field (pun intended).

So go on, choose your perfect green and let your Las Vegas synthetic turf take care of the rest. You won't regret it!

Importance of Choosing a Reputable Artificial Turf Supplier in Las Vegas —

Oh boy! Choosing a reputable artificial turf supplier in Las Vegas, it's no joke, you know! The importance of this decision can't be overstated.

In the world of synthetic turf suppliers in the heart of Las Vegas (a city known for its glitz and glam!), there is a sea of options to choose from. So it begs the question; why does it matter so much to select a reputable supplier? Here's the deal.

Firstly, quality is paramount. You're not looking for some flimsy, cheap-looking green carpet that'll wither away under the scorching Nevada sun within weeks (or even days!). No sir! That's something we wouldn't want. You need tough, resilient synthetic turf that will withstand heavy foot traffic and harsh weather conditions. A reputable supplier ensures just that – top-notch quality!

Secondly, let's talk about customer service. When you're dealing with artificial grass installation (which ain't exactly child's play!), you'll definitely want someone who knows their stuff on speed dial. A well-established company usually offers excellent customer service and after-sales support, ensuring that you're not left high and dry once your turf is installed.

Also worth mentioning is range and variety. A good artificial turf supplier won't just have one type of product but an array of options to suit different needs and preferences. Whether you need it for your garden or a commercial property, they'll have something just right for you!

Finally (and crucially), there's also the issue of cost-effectiveness involved here folks! While cost should never be your sole determining factor when selecting a supplier (quality always comes first!), an established company often manages to offer competitive prices due to their scale of operation.

So there ya have it! The importance of choosing a reputable artificial turf supplier in Las Vegas cannot be underestimated! Remember, not all that glitters in Vegas is gold; stay smart and choose wisely! And never, and I repeat, never settle for less when it comes to artificial turf. You deserve the best!

Case Studies: Successful Installations by Synthetic Turf Suppliers in Las Vegas

Case studies, they're a powerful tool, ain't they? They give us insight into real-life situations and help us understand how businesses overcome challenges. We'll be focusing on one specific industry today - synthetic turf suppliers in Las Vegas!

First up is TurfHub. Based right here in Las Vegas, these guys have built a reputation for delivering top-quality products. And boy, do they know how to install! One of their standout projects was the transformation of a large residential lawn that was struggling under the harsh desert climate. The homeowners were fed up with the constant maintenance (and water bills!) that came with natural grass.

Did TurfHub back down? No sir, they rolled up their sleeves and got to work. The result? A lush green landscape that requires zero watering and stays vibrant all year round. Well done TurfHub!

Next on our list is Synthetic Lawns of Las Vegas. This company took on the challenge of installing synthetic turf at a commercial property where natural grass had failed miserably (think brown patches everywhere). The company's expertise was put to test when they had to lay the turf around complex landscaping features.

Did they succeed? You betcha! Today, that commercial property boasts an evergreen lawn that's not just pleasing to the eyes but also environmentally friendly.

Lastly, let's talk about SYNLawn Nevada. These guys faced quite a task while installing synthetic turf at a mini-golf course right in the heart of Sin City! Imagine having to deal with intricate designs and ensuring each hole played well?

But did SYNLawn back down? Heck no! They took it on full throttle and transformed that mini-golf course into a golfer's paradise!

In conclusion: From residential lawns to commercial properties and recreational facilities, synthetic turf suppliers in Las Vegas are clearly killing it! Their successful installations are proof that no matter how tough or unique your requirements may be, there's always a solution with synthetic turf. And it's these companies that are leading the charge! Phew, isn't that something?

The Future Trends of Artificial Turf in Las Vegas: Insights from Top Suppliers

Artificial turf, or as some folks like to call it, synthetic grass, is rapidly taking root (pun intended!) in Las Vegas. Notably, this trend doesn't look like it'll be slowing down anytime soon. Top suppliers in the city have provided their insights on the future of this industry and boy, what an interesting insight it is!

First off, let's talk about the weather. It's no secret that Las Vegas is hot; blistering hot at times. With temperature highs often exceeding 100 degrees Fahrenheit during summer months (yikes!), traditional lawns are just not a practical option for many homeowners. In contrast, artificial turf stands up to the heat just fine and doesn't require constant watering. That's a big win for water conservation efforts (and your pocketbook too!). Suppliers reckon that as long as we're living under this blazing sun, artificial turf will continue its upswing.

The second factor playing into this trend is maintenance-or rather-the lack thereof with artificial turf. You don't need to mow it or fertilize it; heck, you don't even need to water it! All these features make synthetic grass quite appealing for busy homeowners who'd rather spend their weekends enjoying their yards than working on them.

Now you might be thinking: "But I've heard that artificial turf can look so...artificial." Well, there's some truth in that. However, top suppliers in Las Vegas are already addressing this concern by introducing new varieties of synthetic grass that closely mimic the appearance and feel of real grass. Some of these products are so convincing; you might find yourself bending down to touch them just to make sure!

However, don't think everything's all hunky-dory! There are certain issues suppliers themselves highlight - primarily concerning sustainability and recycling of used materials. Currently, most synthetic turfs aren't biodegradable which poses a significant problem when they reach end-of-life stage. But, don't despair! Suppliers are actively researching and developing more eco-friendly alternatives. They're optimistic about a future where artificial turf is as "green" as the real stuff!

In conclusion, it's clear that artificial turf in Las Vegas is not just a passing fad; it's here to stay. And with continuous improvements in the appearance and sustainability of these products, we can only expect its popularity to increase further. After all, who wouldn't want a lush green lawn that stays green all year round-with no watering required? Now wouldn't that be something!

About Landscaping

"Landscapers" redirects here. For the 2021 true crime TV series, see [Landscapers \(TV series\)](#).

Landscaping an elementary school courtyard in the city of **Kuching**

Landscaping refers to any activity that modifies the visible features of an area of land, including the following:

1. **Living elements**, such as **flora** or **fauna**; or what is commonly called **gardening**, the art and craft of growing plants with a goal of creating a beauty within the **landscape**.
2. Natural **abiotic elements**, such as **landforms**, **terrain** shape and elevation, or **bodies of water**.
3. Abstract elements, such as the **weather** and lighting conditions.

Landscaping requires a certain understanding of **horticulture** and artistic design, but is not limited to plants and horticulture. Sculpting land to enhance usability (patio, walkways, ponds, water features) are also examples of landscaping being used. When intended as purely an aesthetic change, the term **Ornamental Landscaping** is used.^[1]

Often, designers refer to landscaping as an extension of rooms in your house (each one has a function). Outdoor spaces have a vast amount of flexibility as far as materials and function. It is often said the only limitation to outdoor space is one's imagination.

Understanding the land

[**edit**]

Construction requires both study and observation, and the process varies in different parts of the world. Landscaping varies according to different **regions**.^[2] Therefore, normally local natural experts are recommended if it is done for the first time. Understanding of the site is one of the chief essentials for successful landscaping.^[3] Different natural features and phenomena, like the position of the sun, terrain, **topography**, **soil qualities**, prevailing winds, depth of the **frost line**, and the system of **native flora** and fauna must be taken into account.^[4] Sometimes the land is not fit for landscaping. In order to landscape it, the land must be reshaped to direct water for appropriate drainage. This reshaping of land is called **grading**.^[4] Sometimes in large landscaping projects like, parks, sports fields and reserves soil may need to be improved by adding nutrients for growth of plants or turf, this process is

called soil amelioration. [5]

Removal of earth from the land is called cutting while when earth is added to the slope, it is called filling. Sometimes the grading process may involve removal of excessive waste (**landfills**), **soil** and rocks, so designers should take into account while in the planning stage. [6][7]

Additional information

[edit]

At the start, the landscaping contractor issues a statement which is a rough design and layout of what could be done with the land in order to achieve the desired outcome. [4] Different pencils are required to make graphics of the picture. Landscaping has become more technological than natural, as few projects begin without **bulldozers**, **lawnmowers**, or **chainsaws**. [2] Different areas have different qualities of plants. When growing new grass, it should ideally be done in the spring and the fall seasons to maximize growth and to minimize the spread of weeds. It is generally agreed that organic or chemical **fertilizers** are required for good plant growth. Some landscapers prefer to use mix **gravel** with rocks of varying sizes to add interest in large areas. [8]

Las Vegas,**[a]** colloquially referred to as **Vegas**, is the most populous city in the **U.S. state** of **Nevada** and the **seat** of **Clark County**. The **Las Vegas Valley** metropolitan area is the largest within the greater **Mojave Desert**, and second-largest in the **Southwestern United**

States.^{[9][10]} Las Vegas is an internationally renowned major **resort city**, known primarily for its **gambling**, shopping, fine dining, entertainment, and **nightlife**, with most venues centered on **downtown Las Vegas** and more to the **Las Vegas Strip** just outside city limits in unincorporated **Winchester** and **Paradise**. The Las Vegas Valley as a whole serves as the leading financial, commercial, and cultural center in Nevada. According to the **United States Census Bureau**, the city had 641,903 residents in 2020,^[11] with a metropolitan population of 2,227,053,^[12] making it the **24th-most populous city** in the United States.

The city bills itself as **the Entertainment Capital of the World**, and is famous for its luxurious and extremely large casino-hotels. With over 40.8 million visitors annually as of 2023,^[13] Las Vegas is one of the most visited cities **in the United States**. It is the third most popular U.S. destination for business conventions^[14] and a global leader in the **hospitality industry**.^[15] The city is also host to more **AAA Five Diamond** hotels than any other city in the world.^[16] Las Vegas annually ranks as one of the world's most visited tourist destinations.^{[17][18]} The city's tolerance for numerous forms of **adult entertainment** has earned it the nickname "**Sin City**,"^[19] and has made it a popular setting for literature, **films**, **television programs**, commercials and music videos.

Las Vegas was settled in 1905 and officially incorporated in 1911.^[20] At the close of the 20th century, it was the most populated North American city founded within that century (a similar distinction was earned by **Chicago** in the 19th century). Population growth has accelerated since the 1960s and into the 21st century, and between 1990 and 2000 the population nearly doubled, increasing by 85.2%.

Although the city of Las Vegas shares the same history and cultural identity, the Las Vegas Strip is not inside the city limits of Las Vegas; it is instead part of the **unincorporated towns** of **Paradise** and **Winchester**.^{[21][22]}

Toponymy

^[edit]

In 1829, Mexican trader and explorer **Antonio Armijo** led a group consisting of 60 men and 100 mules along the **Old Spanish Trail** from modern day New Mexico to California. Along the way, the group stopped in what would become Las Vegas and noted its natural water sources, now referred to as the **Las Vegas Springs**, which supported extensive vegetation such as grasses and **mesquite trees**. The springs were a significant natural feature in the valley, with streams that supported a meadow ecosystem. This region served as the winter residence for the **Southern Paiute** people, who utilized the area's resources before moving to higher elevations during the summer months. The Spanish "las vegas" or "the meadows" (more precisely, lower land near a river) in English, was applied to describe the fertile lowlands near the springs. Over time, the name began to refer to the populated settlement.^{[23][24][25]}

A young **Mexican** scout named **Rafael Rivera** is credited as the first non-**Native American** to encounter the valley, in 1829.^[27] Trader **Antonio Armijo** led a 60-man party along the **Spanish Trail** to **Los Angeles**, California, in 1829.^{[28][29]} In 1844, **John C. Frémont** arrived, and his writings helped lure pioneers to the area. Downtown Las Vegas's Fremont Street is named after him.

Eleven years later, members of **the Church of Jesus Christ of Latter-day Saints** chose Las Vegas as the site to build a fort halfway between **Salt Lake City** and Los Angeles, where they would travel to gather supplies. The fort was abandoned several years afterward. The remainder of this **Old Mormon Fort** can still be seen at the intersection of Las Vegas Boulevard and Washington Avenue.

Las Vegas was founded as a city in 1905, when 110 acres (45 ha) of land adjacent to the **Union Pacific Railroad** tracks were auctioned in what would become the downtown area. In 1911, Las Vegas was incorporated as a city.^[30]

Golden Nugget and Pioneer Club along Fremont Street in 1952

The year 1931 was pivotal for Las Vegas. At that time, Nevada legalized casino gambling [31] and reduced residency requirements for divorce to six weeks. [32] This year also witnessed the beginning of construction of the tunnels of nearby Hoover Dam. The influx of construction workers and their families helped Las Vegas avoid economic calamity during the Great Depression. The construction work was completed in 1935.

In late 1941, Las Vegas Army Airfield was established. Renamed Nellis Air Force Base in 1950, it is now home to the United States Air Force Thunderbirds aerobatic team. [33]

Following World War II, lavishly decorated hotels, gambling casinos, and big-name entertainment became synonymous with Las Vegas.

This view of downtown Las Vegas shows a mushroom cloud in the background. Scenes such as this were typical during the 1950s. From 1951 to 1962, the government conducted 100 atmospheric tests at the nearby Nevada Test Site. [34]

In 1951, nuclear weapons testing began at the Nevada Test Site, 65 miles (105 km) northwest of Las Vegas. During this time, the city was nicknamed the "Atomic City." Residents and visitors were able to witness the mushroom clouds (and were exposed to the fallout) until 1963 when the Partial Nuclear Test Ban Treaty required that nuclear tests be moved underground. [34]

In 1955, the Moulin Rouge Hotel opened and became the first racially integrated casino-hotel in Las Vegas.

During the 1960s, corporations and business tycoons such as **Howard Hughes** were building and buying hotel-casino properties. Gambling was referred to as "gaming," which transitioned it into a legitimate business. ***Learning from Las Vegas***, published during this era, asked architects to take inspiration from the city's highly decorated buildings, helping to start the **postmodern architecture** movement.

In 1995, the **Fremont Street Experience** opened in Las Vegas's downtown area. This canopied five-block area features 12.5 million LED lights and 550,000 watts of sound from dusk until midnight during shows held at the top of each hour.

Due to the realization of many revitalization efforts, 2012 was dubbed "The Year of Downtown." Projects worth hundreds of millions of dollars made their debut at this time, including the **Smith Center for the Performing Arts**, the **Discovery Children's Museum**, the **Mob Museum**, the **Neon Museum**, a **new City Hall** complex, and renovations for a new **Zappos.com** corporate headquarters in the **old City Hall** building.**[35][36]**

Geography

[edit]

Astronaut photograph of Las Vegas at night

Downtown Las Vegas with **Red Rock Canyon** in the background

Las Vegas is the county seat of **Clark County**, in a **basin** on the floor of the **Mojave Desert**, **[37]** and is surrounded by mountain ranges. Much of the landscape is rocky and arid, with desert vegetation and wildlife. It can be subjected to torrential flash floods, although much has been done to mitigate the effects of flash floods through improved drainage systems. **[38]**

The city's elevation is approximately 2,030 ft (620 m) above sea level, though the surrounding peaks reach elevations of over 10,000 feet (3,000 m) and act as barriers to the strong flow of moisture from the surrounding area. According to the **United States Census Bureau**, the city has an area of 135.86 sq mi (351.9 km²), of which 135.81 sq mi (351.7 km²) is land and 0.05 sq mi (0.13 km²) (0.03%) is water.

After Alaska and California, Nevada is the third most seismically active state in the U.S. It has been estimated by the United States Geological Survey (USGS) that over the next 50 years, there is a 10–20% chance of an M6.0 or greater earthquake occurring within 50 km (31 mi) of Las Vegas.**[39]**

Within the city are many lawns, trees, and other greenery. Due to water resource issues, there has been a movement to encourage **xeriscapes**. Another part of conservation efforts is scheduled watering days for residential landscaping. A **U.S. Environmental Protection Agency** grant in 2008 funded a program that analyzed and forecast growth and environmental effects through 2019.**[40]**

Climate

[edit]

Desert scene at the **Red Rock Canyon National Conservation Area** in the Las Vegas area

Spring flowers at the **Red Rock Canyon National Conservation Area** in the Las Vegas area

Las Vegas has a **subtropical hot desert climate** (**Köppen climate classification**: *BWh*, **Trewartha climate classification** *BWhk*), typical of the **Mojave Desert** in which it lies. This

climate is typified by long, extremely hot summers; warm transitional seasons; and short winters with mild days and cool nights. There is abundant sunshine throughout the year, with an average of 310 sunny days and bright sunshine during 86% of all daylight hours. [41][42] Rainfall is scarce, with an average of 4.2 in (110 mm) dispersed between roughly 26 total rainy days per year. [43] Las Vegas is among the sunniest, driest, and least humid locations in North America, with exceptionally low dew points and humidity that sometimes remains below 10%. [44]

The summer months of June through September are extremely hot, though moderated by the low humidity levels. July is the hottest month, with an average daytime high of 104.5 °F (40.3 °C). On average, 137 days per year reach or exceed 90 °F (32 °C), of which 78 days reach 100 °F (38 °C) and 10 days reach 110 °F (43 °C). During the peak intensity of summer, overnight lows frequently remain above 80 °F (27 °C), and occasionally above 85 °F (29 °C). [41]

While most summer days are consistently hot, dry, and cloudless, the **North American Monsoon** sporadically interrupts this pattern and brings more cloud cover, thunderstorms, lightning, increased humidity, and brief spells of heavy rain. Potential monsoons affect Las Vegas between July and August. Summer in Las Vegas is marked by significant **diurnal temperature variation**. While less extreme than other parts of the state, nighttime lows in Las Vegas are often 30 °F (16.7 °C) or more lower than daytime highs. [45] The average hottest night of the year is 90 °F (32 °C). The all-time record is at 95 °F (35 °C). [41]

Las Vegas winters are relatively short, with typically mild daytime temperatures and chilly nights. Sunshine is abundant in all seasons. December is both the year's coolest and cloudiest month, with an average daytime high of 56.9 °F (13.8 °C) and sunshine occurring during 78% of its daylight hours. Winter evenings are defined by clear skies and swift drops in temperature after sunset, with overnight minima averaging around 40 °F (4.4 °C) in December and January. Owing to its elevation that ranges from 2,000 to 3,000 feet (610 to 910 m), Las Vegas experiences markedly cooler winters than other areas of the **Mojave Desert** and the adjacent **Sonoran Desert** that are closer to sea level. The city records freezing temperatures an average of 10 nights per winter. It is exceptionally rare for temperatures to reach or fall below 25 °F (-4 °C). [41]

Climate chart for Las Vegas

Most of the annual precipitation falls during the winter. February, the wettest month, averages only four days of measurable rain. The mountains immediately surrounding the Las Vegas Valley accumulate snow every winter, but significant accumulation within the city is rare, although moderate accumulations occur every few years. The most recent accumulations occurred on February 18, 2019, when parts of the city received about 1 to 2 inches (2.5 to 5.1 cm) of snow[46] and on February 20 when the city received almost 0.5 inches (1.3 cm). [47] Other recent significant snow accumulations occurred on December 25, 2015, and December 17, 2008.[48] Unofficially, Las Vegas's largest snowfall on record was the 12 inches (30 cm) that fell in 1909.[49] In recent times, ice days have not occurred, although 29 °F (?2 °C) was measured in 1963.[41] On average the coldest day is 44 °F (7 °C).[41]

The highest temperature officially observed for Las Vegas is 120 °F (48.9 °C), as measured at **Harry Reid International Airport** on July 7, 2024.[41][50] The lowest temperature was 8 °F (?13 °C), recorded on two days: January 25, 1937, and January 13, 1963.[41] The official record hot daily minimum is 95 °F (35 °C) on July 19, 2005, and July 1, 2013. The official record cold daily maximum is 28 °F (?2 °C) on January 8 and 21, 1937.[41] July 2024 was the hottest month ever recorded in Las Vegas, with its highest recorded mean daily average temperature over the month of 99.9 °F (38 °C), its highest recorded mean daily maximum temperature of 111.5 °F (44 °C), and its highest recorded mean nightly minimum temperature of 88.3 °F (31 °C).[51]

Due to concerns about **climate change** in the wake of a 2002 drought, daily water consumption has been reduced from 314 US gallons (1,190 L) per resident in 2003 to around 205 US gallons (780 L) in 2015.[52]

2020 census

[edit]

According to the **2020 United States census**, the city of Las Vegas had 644,883 people living in 244,429 **households**. The racial composition of the City of Las Vegas was 49.2% **white**, 11.9% **black**, 1.1% **American Indian or Alaska Native**, 6.9% Asian, **Hispanic or Latino** residents of any race were 34.1% and 16.2% from **two or more races**. 40.8% were **non-Hispanic white**.^[58]

Approximately 5.8% of residents are under the age of five, 22.8% under the age of eighteen and 15.6% over 65 years old. Females are 50.0% of the total population. [58]

Map of racial distribution in Las Vegas, 2010 U.S. Census. Each dot is 25 people:

• White

• Black

• Asian

• Hispanic

• Other

From 2019 to 2023, Las Vegas had approximately 244,429 **households**, with an average of 2.63 persons per household. About 55.7% of housing units were owner-occupied, and the median value of owner-occupied housing was \$395,300. Median gross rent during this period was \$1,456 per month (in 2023 dollars). [58]

The median **household income** in Las Vegas from 2019 to 2023 was \$70,723, while the **per capita** income was \$38,421 (in 2023 dollars). Approximately 14.2% of the population lived below the poverty line during the same period. [58]

Residents over 25 years old with a **high school diploma** were 85.8% of the population with 27.3% having attained a **bachelor's degree or higher**. [58]

About 33.0% of residents aged 5 and older speak a language other than English at home. 20.9% of residents are foreign-born. [58]

The mean travel time to work for residents aged 16 and older was approximately 25.8 minutes between 2019 and 2023. The vast majority of households in Las Vegas are **digitally**

connected, with 95.6% having a computer and 89.1% subscribing to **broadband internet** services .

According to demographer **William H. Frey** using data from the **2010 United States census**, Las Vegas has the second-lowest level of black-white **segregation** of any of the 100 largest U.S. metropolitan areas after **Tucson, Arizona**.^[59]

According to the Las Vegas Asian Chamber of Commerce, **Filipinos** make up the largest ethnic population within Vegas with over 200,000 in the city. ^[60] Native Hawaiians are also a major demographic in the city, with some Hawaiians and Las Vegas residents calling the city the "ninth island of **Hawaii**" due to the major influx of Hawaiians to Vegas.^[61]

According to a 2004 study, Las Vegas has one of the highest divorce rates. ^[62]^[63] The city's high divorce rate is not wholly due to Las Vegasans themselves getting divorced. Compared to other states, Nevada's nonrestrictive requirements for divorce result in many couples temporarily moving to Las Vegas in order to get divorced. ^[64] Similarly, Nevada marriage requirements are equally lax resulting in one of the highest marriage rates of U.S. cities, with many licenses issued to people from outside the area (see **Las Vegas weddings**).^[64]

2010 census

^[edit]

According to the **2010 Census**, the city of Las Vegas had a population of 583,756. The city's racial composition had shifted slightly, with 47.91% of the population identifying as White alone (non-Hispanic), 10.63% as Black or African American alone (non-Hispanic), 0.41% as Native American or Alaska Native alone (non-Hispanic), 5.93% as Asian alone (non-Hispanic), 0.53% as Pacific Islander alone (non-Hispanic), 0.19% as Other Race alone (non-Hispanic), and 2.91% as Mixed race or Multiracial (non-Hispanic). Hispanic or Latino individuals of any race represented 31.50% of the population. ^[56]

2000 census

^[edit]

According to the **2000 census**, Las Vegas had a population of 474,434 people. The racial makeup of the city was 58.52% White alone (non-Hispanic), 10.19% Black or African American alone (non-Hispanic), 0.51% Native American or Alaska Native alone (non-Hispanic), 4.72% Asian alone (non-Hispanic), 0.41% Pacific Islander alone (non-Hispanic), 0.14% Other Race alone (non-Hispanic), and 2.52% Mixed race or Multiracial (non-Hispanic). Hispanic or Latino individuals of any race made up 23.81% of the population. ^[55]

Economy

[edit]

The primary drivers of the Las Vegas economy are tourism, **gaming**, and conventions, which in turn feed the retail and restaurant industries.

Tourism

[edit]

The major attractions in Las Vegas are the casinos and the hotels, although in recent years other new attractions have begun to emerge.

Most casinos in the downtown area are on **Fremont Street**, with **The STRAT Hotel, Casino & Skypod** as one of the few exceptions. **Fremont East**, adjacent to the Fremont Street Experience, was granted variances to allow bars to be closer together, similar to the **Gaslamp Quarter** of San Diego, the goal being to attract a different demographic than the Strip attracts.

Downtown casinos

The **Golden Gate Hotel and Casino**, downtown along the Fremont Street Experience, is the oldest continuously operating hotel and casino in Las Vegas; it opened in 1906 as the Hotel Nevada.

In 1931, the **Northern Club** (now the **La Bayou**) opened.^{[69][70]} The most notable of the early casinos may have been **Binion's Horseshoe** (now **Binion's Gambling Hall and Hotel**) while it was run by **Benny Binion**.

Boyd Gaming has a major presence downtown operating the **California Hotel & Casino**, the **Fremont Hotel & Casino**, and the **Main Street Casino**. The **Four Queens** also operates downtown along the Fremont Street Experience.

Downtown casinos that have undergone major renovations and revitalization in recent years include the **Golden Nugget Las Vegas**, **The D Las Vegas** (formerly Fitzgerald's), the **Downtown Grand Las Vegas** (formerly Lady Luck), the **El Cortez Hotel & Casino**, and the **Plaza Hotel & Casino**.^[71]

In 2020, **Circa Resort & Casino** opened, becoming the first all-new hotel-casino to be built on Fremont Street since 1980.^[72]

Las Vegas Strip

The center of the gambling and entertainment industry is the **Las Vegas Strip**, outside the city limits in the surrounding unincorporated communities of **Paradise** and **Winchester** in Clark County. Some of the largest casinos and buildings are there.^[73]

In 1959, the 25-foot-tall (7.6 m) **Welcome to Fabulous Las Vegas sign** was installed at the south end of the **Las Vegas Strip**. A replica welcome sign, standing nearly 16 feet (4.9 m) tall, was installed within city limits in 2002, at **Las Vegas Boulevard** and Fourth Street. [\[79\]](#)[\[80\]](#)[\[81\]](#) The replica was destroyed in 2016, when a pickup truck crashed into it. [\[82\]](#)

In 2018, the city approved plans for a new gateway landmark in the form of neon arches. It was built within city limits, in front of the **Strat** resort and north of **Sahara Avenue**. [\[83\]](#) The project, built by **YESCO**, cost \$6.5 million and stands 80 feet (24 m) high. [\[84\]](#) Officially known as the Gateway Arches, the project was completed in 2020. The steel arches are blue during the day, and light up in a variety of colors at night. [\[85\]](#)

Also located just north of the Strat are a pair of giant neon showgirls, initially added in 2018 as part of a \$400,000 welcome display. The original showgirls were 25 feet (7.6 m) tall, but were replaced by new ones in 2022, rising 50 feet (15 m). Development

[\[edit\]](#)

When **The Mirage** opened in 1989, it started a trend of major resort development on the Las Vegas Strip outside of the city. This resulted in a drop in tourism in the downtown area, but many recent projects have increased the number of visitors to downtown.

An effort has been made by city officials to diversify the economy by attracting health-related, high-tech and other commercial interests. No state tax for individuals or corporations, as well as a lack of other forms of business-related taxes, have aided the success of these efforts. [\[89\]](#)

The Fremont Street Experience was built in an effort to draw tourists back to the area and has been popular since its startup in 1995.

The city conducted a land-swap deal in 2000 with **Lehman Brothers**, acquiring 61 acres (25 ha) of property near downtown Las Vegas in exchange for 91 acres (37 ha) of the Las Vegas Technology Center. [\[90\]](#) In 2004, Las Vegas Mayor **Oscar Goodman** announced that the area would become home to **Symphony Park** (originally called "Union Park" [\[91\]](#)), a mixed-use development. The development is home to the **Cleveland Clinic Lou Ruvo Center for Brain Health**, **The Smith Center for the Performing Arts**, the **Discovery Children's Museum**, the Las Vegas **Chamber of Commerce**, and four residential projects totaling 600 residential units as of 2024. [\[92\]](#)

World Market Center Building A

In 2005, the **World Market Center** opened, consisting of three large buildings taking up 5,400,000 square feet (500,000 m²). Trade shows for the furniture and furnishing industries are held there semiannually. [\[93\]](#)

Also nearby is the Las Vegas North Premium Outlets. With a second expansion, completed in May 2015, the mall currently offers 175 stores. [\[94\]](#)

City offices moved to a new **Las Vegas City Hall** in February 2013 on downtown's Main Street. The former city hall building is now occupied by the corporate headquarters for the online retailer **Zappos.com**, which opened downtown in 2013. Zappos CEO **Tony Hsieh** took an interest in the urban area and contributed \$350 million toward a revitalization effort

called the Downtown Project.^{[95][96]} Projects funded include Las Vegas's first independent bookstore, **The Writer's Block**.^[97]

Other industries

^[edit]

A number of new industries have moved to Las Vegas in recent decades. **Zappos.com** (now an **Amazon** subsidiary) was founded in San Francisco but by 2013 had moved its headquarters to downtown Las Vegas. **Allegiant Air**, a low-cost air carrier, launched in 1997 with its first hub at **Harry Reid International Airport** and headquarters in nearby Summerlin.

Planet 13 Holdings, a cannabis company, opened the world's largest **cannabis dispensary** in Las Vegas at 112,000 sq ft (10,400 m²).^{[98][99]}

Effects of growth on water supply

^[edit]

A growing population means the Las Vegas Valley used 1.2 billion US gal (4.5 billion L) more water in 2014 than in 2011. Although water conservation efforts implemented in the wake of a 2002 drought have had some success, local **water consumption** remains 30 percent greater than in Los Angeles, and over three times that of San Francisco metropolitan area residents. The **Southern Nevada Water Authority** is building a \$1.4 billion tunnel and pumping station to bring water from **Lake Mead**, has purchased water rights throughout Nevada, and has planned a controversial \$3.2 billion **pipeline** across half the state. By law, the Las Vegas Water Service District "may deny any request for a water commitment or request for a water connection if the District has an inadequate supply of water." But limiting growth on the basis of an inadequate water supply has been unpopular with the casino and building industries.^[52]

Spanish Trail Country Club, a 27-hole golf course

The city's parks and recreation department operates 78 regional, community, neighborhood, and pocket parks; four municipal swimming pools, 11 recreational centers, four active adult centers, eight cultural centers, six galleries, eleven dog parks, and four golf courses: Angel Park Golf Club, Desert Pines Golf Club, Durango Hills Golf Club, and the Las Vegas Municipal Golf Course.[112]

It is also responsible for 123 playgrounds, 23 softball fields, 10 football fields, 44 soccer fields, 10 dog parks, six community centers, four senior centers, 109 skate parks, and six swimming pools.[113]

Government

[edit]

Las Vegas City Hall in downtown Las Vegas

The city of Las Vegas has a **council–manager government**. [114] The mayor sits as a council member-at-large and presides over all **city council** meetings. [114] If the mayor cannot preside over a city council meeting, then the Mayor **pro tempore** is the **presiding officer** of the meeting until the Mayor returns to his/her seat. [115] The city manager is responsible for the administration and the day-to-day operations of all **municipal services** and city departments. [116] The city manager maintains intergovernmental relationships with federal, state, county and other local governments. [116]

Out of the 2,265,461 people in Clark County as of the 2020 Census, approximately 1,030,000 people live in **unincorporated Clark County**, and around 650,000 live in incorporated cities such as **North Las Vegas**, **Henderson** and **Boulder City**. [117] Las Vegas and Clark County share a police department, the **Las Vegas Metropolitan Police Department**, which was formed after a 1973 merger of the **Las Vegas Police Department** and the **Clark County Sheriff's Department**. [118] North Las Vegas, Henderson, Boulder City, Mesquite, UNLV and CCSD have their own police departments. [119]

The **federally-recognized Las Vegas Tribe of Paiute Indians** (**Southern Paiute**: Nuvagantucimi) occupies a 31-acre (130,000 m²) **reservation** just north downtown between

Interstate-15 and Main Street.^{[120][121][122]}

Downtown is the location of **Lloyd D. George Federal District Courthouse**^[123] and the Regional Justice Center,^[124] draws numerous companies providing bail, marriage, divorce, tax, **incorporation** and other legal services.

Primary and secondary **public education** is provided by the **Clark County School District** ^[131]

Public higher education

^[**edit**]

Public higher education is provided by the **Nevada System of Higher Education** (NSHE). Public institutions serving Las Vegas include the **University of Nevada, Las Vegas** (UNLV), the **College of Southern Nevada** (CSN), **Nevada State University** (NSU), and the **Desert Research Institute** (DRI).[132]

UNLV is a public, land-grant, **R1 research** university and is home to the **Kirk Kerkorian School of Medicine**[133] and the **William S. Boyd School of Law**, the only law school in Nevada.[134] The university's campus is urban and located about two miles east of the Las Vegas strip. The Desert Research Institute's southern campus sits next to UNLV, while it's northern campus is in Reno.[135]

CSN, with campuses throughout Clark County,[136] is a **community college** with one of the largest enrollments in the United States.[137] In unincorporated Clark County, CSN's Charleston campus is home to the headquarters of **Nevada Public Radio (KNPR)**, an **NPR** member station.[138][139]

Private higher education

[[edit](#)]

Touro University Nevada located in **Henderson** is a non-profit, private institution primarily focusing on medical education.[140] Other institutions include a number of **for-profit** private schools (e.g., **Le Cordon Bleu College of Culinary Arts**, **DeVry University**, among others).[141]

Las Vegas *Review-Journal* sign

- **Las Vegas Review-Journal**, the area's largest daily newspaper, is published every morning. It was formed in 1909 but has roots back to 1905. It is the largest newspaper in Nevada and is ranked as one of the top 25 newspapers in the United States by circulation. In 2000, the *Review-Journal* installed the largest newspaper printing press in the world. It cost \$40 million, weighs 910 tons and consists of 16 towers. [142] Until his death in January 2021, the newspaper was owned by casino magnate **Sheldon Adelson**, who purchased it for \$140 million in December 2015. In 2018, the *Review-Journal* received the **Sigma Delta Chi Award** from the **Society of Professional Journalists** for reporting the **Oct 1 mass shooting** on the Las Vegas Strip. In 2018 and 2022, *Editor and Publisher* magazine named the *Review-Journal* as one of 10 newspapers in the United States "doing it right." [143][144]
- **Las Vegas Sun**, based in neighboring **Henderson**, is a daily newspaper. Although independently published, the print edition is distributed as a section inside the *Review-Journal*. The *Sun* is owned by the Greenspun family and is part of the **Greenspun Media Group**. It was founded independently in 1950 and in 1989 entered into a **Joint Operating Agreement** with the *Review-Journal*, which runs through 2040. The *Sun* has been described as "politically liberal." [145] In 2009, the *Sun* was awarded a **Pulitzer Prize for Public Service** for coverage of the high death rate of construction workers on the Las Vegas Strip amid lax enforcement of regulations. [146][147]
- **Las Vegas Weekly**, based in neighboring Henderson, is a free **alternative weekly** newspaper. It covers Las Vegas arts, entertainment, culture and news. *Las Vegas Weekly* was founded in 1992 and is published by the Greenspun Media Group.

Broadcast

[edit]

Las Vegas is served by 10 full power television stations and 46 radio stations. The area is also served by two NOAA Weather Radio transmitters (162.55 MHz located in Boulder City and 162.40 MHz located on **Potosi Mountain**).

Regional Transportation Commission (RTC) provides public bus transportation.

[Harry Reid International Airport](#) provides private and public aviation services to the city.

Inside Terminal 3 at Harry Reid International Airport in Paradise

[RTC Transit](#) is a public transportation system providing bus service throughout Las Vegas, Henderson, North Las Vegas and other areas of the valley. Inter-city bus service to and from Las Vegas is provided by [Greyhound](#), [BoltBus](#), [Orange Belt Stages](#), [Tufesa](#), and several smaller carriers.^[148]

[Amtrak](#) trains have not served Las Vegas since the service via the [Desert Wind](#) at [Las Vegas station](#) ceased in 1997, but [Amtrak California](#) operates [Amtrak Thruway](#) dedicated service between the city and its passenger rail stations in [Bakersfield, California](#), as well as [Los Angeles Union Station](#) via [Barstow](#).^[149]

High-speed rail project **Brightline West** began construction in 2024 to connect Brightline's **Las Vegas station** and the **Rancho Cucamonga station** in **Greater Los Angeles**.^[150]

The **Las Vegas Monorail** on the Strip was privately built, and upon bankruptcy taken over by the **Las Vegas Convention and Visitors Authority**.^[151]

Silver Rider Transit operates three routes within Las Vegas, offering connections to Laughlin,^[152] Mesquite,^[153] and Sandy Valley.^[154]

The **Union Pacific Railroad** is the only **Class I railroad** providing rail freight service to the city. Until 1997, the Amtrak *Desert Wind* train service ran through Las Vegas using the Union Pacific Railroad tracks.

In March 2010, the RTC launched **bus rapid transit** link in Las Vegas called the *Strip & Downtown Express* with limited stops and frequent service that connects downtown Las Vegas, the Strip and the Las Vegas Convention Center. Shortly after the launch, the RTC dropped the *ACE* name.^[155]

In 2016, 77.1 percent of working Las Vegas residents (those living in the city, but not necessarily working in the city) commuted by driving alone. About 11 percent commuted via carpool, 3.9 percent used public transportation, and 1.4 percent walked. About 2.3 percent of Las Vegas commuters used all other forms of transportation, including taxi, bicycle, and motorcycle. About 4.3% of working Las Vegas residents worked at home.^[156] In 2015, 10.2 percent of city of Las Vegas households were without a car, which increased slightly to 10.5 percent in 2016. The national average was 8.7 percent in 2016. Las Vegas averaged 1.63 cars per household in 2016, compared to a national average of 1.8 per household.

With some exceptions, including **Las Vegas Boulevard**, **Boulder Highway (SR 582)** and **Rancho Drive (SR 599)**, the majority of surface streets in Las Vegas are laid out in a grid along **Public Land Survey System section lines**. Many are maintained by the **Nevada Department of Transportation** as **state highways**. The street numbering system is divided by the following streets:

- Westcliff Drive, **US 95 Expressway**, **Fremont Street** and **Charleston Boulevard** divide the north–south block numbers from west to east.
- **Las Vegas Boulevard** divides the east–west streets from the **Las Vegas Strip** to near the Stratosphere, then Main Street becomes the dividing line from the Stratosphere to the North Las Vegas border, after which the Goldfield Street alignment divides east and west.
- On the east side of Las Vegas, block numbers between **Charleston Boulevard** and Washington Avenue are different along Nellis Boulevard, which is the eastern border of the city limits.

Interstates 15, 11, and US 95 lead out of the city in four directions. Two major freeways – **Interstate 15** and **Interstate 11/U.S. Route 95** – cross in downtown Las Vegas. I-15 connects Las Vegas to Los Angeles, and heads northeast to and beyond Salt Lake City. I-11 goes northwest to the **Las Vegas Paiute Indian Reservation** and southeast to **Henderson** and to the **Mike O'Callaghan–Pat Tillman Memorial Bridge**, where from this point I-11 will eventually continue along **US 93** towards **Phoenix, Arizona**. US 95 (and eventually I-11) connects the city to northwestern Nevada, including **Carson City** and **Reno**. US 93 splits from I-15 northeast of Las Vegas and goes north through the eastern part of the state, serving **Ely** and **Wells**. US 95 heads south from US 93 near Henderson through far eastern California. A **partial beltway** has been built, consisting of **Interstate 215** on the south and **Clark County 215** on the west and north. Other radial routes include **Blue Diamond Road (SR 160)** to **Pahrump** and **Lake Mead Boulevard (SR 147)** to **Lake Mead**.

East–west roads, north to south[157]

- **Ann Road**
- **Craig Road (SR 573)**
- **Cheyenne Avenue (SR 574)**
- **Smoke Ranch Road**
- **Washington Avenue (SR 578)**
- **Summerlin Parkway (SR 613)**
- **Bonanza Road (SR 579)**
- **Charleston Boulevard (SR 159)**
- **Sahara Avenue (SR 589)**

North–south roads, west to east

- **Fort Apache Road**
- **Durango Drive**
- **Buffalo Drive**
- **Rainbow Boulevard (SR 595)**
- **Jones Boulevard (SR 596)**
- **Decatur Boulevard**
- **Valley View Boulevard**
- **Rancho Drive**
- **Maryland Parkway**
- **Eastern Avenue (SR 607)**
- **Pecos Road**
- **Lamb Boulevard (SR 610)**
- **Nellis Boulevard (SR 612)**

Harry Reid International Airport handles international and domestic flights into the Las Vegas Valley. The airport also serves private aircraft and freight/cargo flights. Most general aviation traffic uses the smaller **North Las Vegas Airport** and **Henderson Executive Airport**.

Summerlin is a **community** in the **Las Vegas Valley** of Southern **Nevada**. It lies at the edge of the **Spring Mountains** and **Red Rock Canyon** to the west; it includes the census-designated place of **Summerlin South**, is partly within the official city limits of **Las Vegas** and partly within unincorporated **Clark County**. This community occupies over 22,500 acres and holds over 230 parks, more than two dozen public and private schools, 14 houses of worship, ten golf courses, three resort hotels, recreational facilities, retail and entertainment centers, well-established office parks, a medical center, and more. ^[1]

The community is divided into three associations (North, **South**, and West), which oversee two dozen commercial and residential villages.

At the time of the 2010 census, Summerlin's population was nearly 100,000, having risen from 59,000 residents in the year 2000. ^[2]

Summerlin was named after Jean Amelia Summerlin, the grandmother of billionaire land developer **Howard Hughes**. The **Howard Hughes Corporation** maintains ownership of the master-planned community, along with **Downtown Summerlin** (the community's premier shopping, dining, and entertainment district) and the **Las Vegas Ballpark** (home of the **Las Vegas Aviators minor league baseball** team, which is named in Hughes' honor).

History

^[edit]

In 1952, the film director, aviator, and casino mogul **Howard Hughes** purchased 25,000 acres (10,000 ha) of land in Southern Nevada, making him the Las Vegas Valley's largest landowner. ^[3] Despite his initial intentions, he ultimately chose not to relocate his company to

Nevada, so the purchased land remained undeveloped and empty for decades. After Hughes died of kidney failure in 1976, the **Summa Corporation** was organized by his heirs to oversee his vast business empire and land holdings. In 1988, the corporation announced that they would be developing the empty acres of land into a master-planned commercial and residential community. They named the project "Summerlin", after Hughes' paternal grandmother, Jean Amelia Summerlin.^[4]

In preparation for this large-scale development, Summa Corporation made a deal with the **Bureau of Land Management** in which they traded 5,000 acres of environmentally sensitive land for 3,000 acres of land better suited for development. After this environmental concern was addressed, development began. By the end of 1990, the construction of Summerlin's first residential village, park, and school had been completed.^[4] In 1994, Summa Corporation rebranded itself as the **Howard Hughes Corporation** and continued to develop new Summerlin villages.

New home construction continued to boom through the turn of the century. From 1997 to 2007, Summerlin was consistently ranked as the #1 community in the nation for new home sales.^[4] The **Great Recession** caused a temporary slow-down in construction, but signs of revival became especially apparent in 2014, when **Downtown Summerlin** opened, bringing 106 acres of shopping, dining, and entertainment to Summerlin residents. Residential development also saw a great revival following the recession, and by 2016, Summerlin was once again one of the top communities in America for new home sales.^[4]

Summerlin is still a growing community. As of 2018, over two dozen commercial and residential villages have been constructed, with over 6,000 acres still available for future development.^[4]

Geography

^[edit]

Climate

^[edit]

Climate chart (**explanation**)

Summerlin has a hot desert climate typical of the

climate classification: BWh).

Summers tend to be very hot and very dry, with daily highs often exceeding 100 °F (38 °C); temperatures as high as 118 degrees have been observed. The spring and fall seasons are generally sunny, warm, and dry, with daily highs in the 70s and 80s. Winters tend to be cool and windy, with daily highs in the 50s; temperatures seldom drop below freezing, and snowfall is rare, but some rain is common (especially in January and February). [5]

Economy

[edit]

Allegiant Air has their corporate headquarters in Summerlin. [6][7][8]

Hotel and casinos

[edit]

The Summerlin area is home to three major resort casinos.

- **JW Marriott Las Vegas**, which includes the attached Rampart Casino, both opened in 1999. [9]
- **Red Rock Casino, Resort & Spa**, opened in 2006. [10]

- **Suncoast Hotel and Casino**, opened in 2000. Generally considered a Summerlin property,[11][12] but actually located just outside the community.[13]

Summerlin is also home to a non-gaming hotel known as Element Las Vegas, developed by **Westin Hotels**.^{[14][15]} It opened in 2008.^{[16][17]}

Cycling

[\[edit\]](#)

Bicycle lanes are provided on most major roads in Summerlin, as well as in the adjacent **Red Rock Canyon National Conservation Area**.

Community parks

[\[edit\]](#)

Large community parks, which are available for free public use, are located throughout Summerlin. As of 2018, there are 25 community parks that feature a variety of recreational amenities, which may include: community centers, barbecue areas, walking trails, playgrounds, swimming pools, interactive water features, soccer fields, baseball fields, football fields, basketball courts, tennis courts, volleyball courts, bocce ball and shuffleboard courts, and motorized toy areas. In addition, the parks with community centers typically offer special events, classes, and children's camps. [\[29\]](#)

Walking trails

[\[edit\]](#)

As of 2018, the Summerlin Trail System is more than 150 miles long and connects local neighborhoods to various amenities throughout the community. [\[30\]](#) The system includes five types of planned trails: street-side, village, bike, regional, and natural.

Upon completion, the trail system will be more than 200 miles long and will connect to more than 2,000 miles of regional trails, making it one of the most comprehensive and efficient trail systems in the southwestern United States.

In 2008, Summerlin and the **Howard Hughes Corporation** received the American Trails Developer Award, which is given to developers in recognition of "quality, well designed multi-use trails systems that are integrated into private developments." **[31]**

Mountain recreation

[edit]

The adjacent **Red Rock Canyon National Conservation Area** offers 26 hiking trails (ranging in difficulty from easy to strenuous). The canyon is also suitable for bouldering and rock climbing and has an overnight camp site. **[32]**

Pahrump welcome sign

Pahrump (/pəˈrʌmp/ *pə-**RUMP***) is an **unincorporated town** located at the southernmost tip of **Nye County, Nevada**, United States,[3] about 50 miles (80 km) west of **Las Vegas** (roughly an hour away by driving distance). Pahrump lies adjacent to the Nevada–**California** border and the area had a population of 44,738 as of the 2020 census.

History

[edit]

Pahrump was originally inhabited by the **Southern Paiute**. It was slowly inhabited by settlers in the late 19th century. They reportedly chose the name for Pahrump after the original **Southern Paiute** name *Pah-Rimpi*, or "Water Rock," so named because of the abundant **artesian wells** in the valley. Because of the artesian wells, the new inhabitants of **Pahrump**

Valley began a number of large **ranch**-style holdings, mostly over 1,000 acres (400 ha) in size. On the ranches, **alfalfa** and **cotton** were grown, and **livestock** were raised.

View of the mountains from town

Until the 1960s, Pahrump had no **telephone** service except a radio transmitter phone in a phone booth next to the small market, and there were no paved roads in or out of the Pahrump Valley. As **Las Vegas** grew, the Pahrump region also saw more real estate development and population growth. This led to the introduction of telephone service and the construction of a paved highway between Las Vegas and Pahrump during the late 1960s. Later, this road (**NV 160**) was extended from Pahrump northward to **US 95**, near **Amargosa Valley**. A second paved road (**NV 372**) was introduced that went from Pahrump to neighboring **Shoshone, California**, which provided a link to the **Death Valley** area, as well as a shorter route to those wishing to travel to **Los Angeles** or other areas in California. In the fifties and sixties, there was a two-room elementary school and the high school students went to Shoshone. In 1974, Pahrump's first high school, Pahrump Valley High School, was constructed.[4]

Pahrump is an archetypal example of an **exurb** (a residential region beyond suburbs). Almost all significant agriculture has ended in the valley, [5] and over the years the surface aquifers have been drained. Residential housing growth in Pahrump was partly responsible for Nye County ranking among the fastest growing counties nationwide in 2005. [6]

Las Vegas casino owner **Ted Binion** buried a large treasure of **silver** in a secret underground vault in Pahrump. In 1998, Binion died under suspicious circumstances, and one of the parties accused of murdering Binion was apprehended while digging up the vault in Pahrump. A book about the Binion murder trial (and Las Vegas poker) is **Positively Fifth Street** by **James McManus**.

On November 15, 2006, the Pahrump town board voted for an ordinance declaring English the official language of business, limiting the display of foreign flags, and denying housing assistance or other welfare benefits to illegal immigrants. [6] A measure in the ordinance required an American flag to be displayed above any other flag, regardless of what organization, nation, or government it represented. County Sheriff Tony DeMeo said he would not attempt to enforce the ordinance, [6] which was repealed four months later because of bad publicity. [7]

On November 4, 2017, **Koenigsegg** Automotive AB achieved the **highest top speed of a production car** ever, surpassing the **Bugatti Veyron**. The **Koenigsegg Agera RS** reached a top speed of 277.9 mph (447.2 km/h) on **Nevada State Route 160** in the Pahrump region. [8][9]

Geography and climate

[[edit](#)]

According to the **United States Census Bureau**, the **census-designated place** of Pahrump has a total area of 297.9 sq mi (771.5 km²), all of which is land. By area, it is the largest CDP in the contiguous United States, although it ranks only eleventh nationally, since the largest ten are all in Alaska. The area lies in the **Mojave Desert**.

Summers in Pahrump are generally very hot and dry, with occasional pushes of monsoonal moisture beginning in early July. Being at a similar elevation to Las Vegas, daytime highs in summer average within a few degrees lower than that of Las Vegas. Record highs are similar between the two cities as well. A typical day during June through August brings temperatures around 100 °F (38 °C), and occasionally 110 °F (43 °C). Nighttime temperatures, however, are noticeably cooler. This is due to the lack of an **urban heat island** in Pahrump, allowing for intense radiative cooling after sundown. As a result, summer nights are pleasantly warm, bottoming out in the mid-60s or 70s °F (around 20 °C). Pahrump's location in a valley leads to large diurnal temperature ranges, typically 30 °F (17 °C) but occasionally 40 °F (22 °C). By late August and early September, the sweltering summer heat noticeably tempers down. September is the gateway to fall, which brings very pleasant weather. October highs are generally 80 °F (27 °C) and nighttime temperatures in the 50s °F (low teens °C). Due to its elevation, Pahrump is protected from the searing summer temperatures experienced in the nearby **Death Valley**.

Like other locations in the Mojave desert, winters are typically mild, with occasional pushes of cold air from the north. Daytime highs average from the mid-50s and 60s °F (10s °C), but low temperatures hover around freezing for most nights between December and February. Spring brings pleasantly warm temperatures and cool evenings. Like other locations in the Mojave desert, this is the windiest time of year. Snowfall is rare in Pahrump, but there is generally at least one snow day per year.

U.S. Decennial Census^[12]

As of the **census** of 2000,**[13]** there were 24,631 people, 10,153 households, and 7,127 families residing in the **census-designated place** (CDP) of Pahrump. The population density was 82.7 inhabitants per square mile (31.9/km²). There were 11,651 housing units at an average density of 39.1 per square mile (15.1/km²). The racial makeup of the CDP was 96.1% **White**, 0.1% **African American**, 1.1% **Native American**, 1.4% **Asian**, 0.37% **Pacific Islander**, 2.27% from **other races**, and 2.6% from two or more races. **Hispanic** or **Latino** of any race were 12.9% of the population.

There were 10,153 households, out of which 14.2% had children under the age of 18 living with them, 58.2% were **married couples** living together, 7.5% had a female householder with no husband present, and 29.8% were non-families. 23.5% of all households were made up of individuals, and 10.5% had someone living alone who was 65 years of age or older. The average household size was 2.42 and the average family size was 2.83.

In the CDP, the population was spread out, with 22.3% under the age of 18, 4.9% from 18 to 24, 10.6% from 25 to 44, 28.9% from 45 to 64, and 55.3% who were 65 years of age or older. The median age was 45 years. For every 100 females, there were 102.4 males. For every 100 females age 18 and over, there were 101.4 males.

The median income for a household in the CDP was \$34,860, and the median income for a family was \$39,812. Males had a median income of \$35,862 versus \$21,586 for females. The **per capita income** for the CDP was \$17,708. About 7.3% of families and 10.7% of the population were below the **poverty line**, including 14.8% of those under age 18 and 7.0% of those age 65 or over. Nye County receives an unusually large 29 percent of its income from federal benefits which amounts to \$9,408 for each resident of the county.

Government

[edit]

Government offices for Pahrump

Pahrump has an unincorporated town status, with a limited government that manages land-use planning, recreation, and fire, while leaving most services to Nye County. In 2012, Pahrump voted to disband the Town Board form of government in favor of an advisory board under the County Commissioners. It was finalized in 2014 when the incumbent elected members' terms expired. The Town Board was disbanded as of January 2015. **[14][15]**

Gregory Hafen II (R) represents the 36th district for the **Nevada Assembly**.^[16]

Education

^[edit]

Public education in Pahrump is administered by the **Nye County School District**.^[17] The district headquarters is in Pahrump.^[18]

Pahrump has a **public library**.^[19]

The county is in the service area of **Great Basin College**.^[20]

Economy

^[edit]

Notable businesses in the area include the **Spring Mountain Motor Sports Ranch**. **Golden Entertainment** operates three casinos in Pahrump.

Two legal **brothels**, **Sheri's Ranch** and **Chicken Ranch**, are located in Pahrump. Due to their proximity to **Las Vegas**, they tend to be more expensive than other legal brothels in Nevada.

Media

^[edit]

Pahrump is served by Prime-TV affiliate **KPVM-TV 25**^{[21][22]} It has ten digital channels 25.1 (PrimeTV), 25.2 (**thisTV**), 25.3 **America's Voice**, 25.4 **OANN**, 25.5 **Shop LC**, 25.6 **Home Shopping Network**, 25.7 conservative talk radio, 25.8 country, 25.9 **Nuestra Vision**, and 25.10 **Fun Roads**.^{[23][24]} Pahrump is also home to **KACP 103.1 FM** which airs a **country music** format.^[25]

Transportation

^[edit]

Pahrump Valley Transportation is the only public transportation in Pahrump. However, there is also VetRANS, a transportation service for veterans. Both services run by appointment, and offer transport to certain destinations in Las Vegas. Salt Lake Express serves Pahrump on its bus route from Las Vegas to Reno. **Eastern Sierra Transit Authority** provides bus service from Pahrump to **Tecopa, California**.^[26]

Residents, and those visiting Pahrump, utilize **McCarran International Airport** in the Las Vegas area, approximately 60 miles east of Pahrump. A private airport, **Calvada Meadows Airport**, also serves Pahrump, however, aircraft must request permission before landing at this small airport. **Enterprise Rent-A-Car** operates a local branch for vehicle rental needs. Pahrump has taxi service operating 24 hours a day.

Notable residents

[**edit**]

Pahrump was the hometown of author and radio personality **Art Bell**.^[27] He was known for founding **Coast to Coast AM**, an overnight radio talk show mainly about paranormal subjects, conspiracies, and other oddities that he broadcast from his home studio. At one time, Bell owned **KNYE**, the local radio station located in Pahrump. After the death of his wife Ramona, Bell remarried and relocated to the Philippines. On the December 28, 2006, broadcast of *Coast to Coast AM*, Bell announced he had returned to Pahrump, but he later returned to the Philippines, where he resided until 2011, when he again returned to Pahrump. Bell hosted **Art Bell's Dark Matter**, also dealing with paranormal subject matter, which aired on SiriusXM, from his home in Pahrump. In July 2015, Art Bell returned to the airwaves with a new show, *Midnight in the Desert*, which aired weeknights in a three-hour time slot.^[28] The show covered much of the same material as *Coast to Coast AM*. Bell retired from the show in December 2015. Bell died on April 13, 2018, in Pahrump.

Michael Jackson purchased a home in the area in 2008, where he briefly had a home **studio** and **home schooled** his three children.^[29]

Pahrump is the home of **Ronald Wayne**, the third co-founder of **Apple Computer** along with **Steve Jobs** and **Steve Wozniak**. Wayne relinquished his equity in Apple for \$800 in 1976; ^[30]^[31] he now lives a quiet lifestyle in Pahrump, selling **stamps** and rare **coins**.^[32]

Retired actress **June Kenney** lived in Pahrump from 2010 to her death in 2021.^[33]

Musical group **Escape the Fate** was founded in, and originally from, Pahrump, ^[34]^[35] before the band relocated to Las Vegas.

Infamous "Hollywood madam" **Heidi Fleiss** moved to Pahrump in 2005.^[36]

Melvin Dummar, who claimed to have saved the life of **Howard Hughes** and who was named in a disputed will as Hughes's main beneficiary, lived for a while in Pahrump and died there in 2018.^[37]

1992 Libertarian Vice Presidential candidate **Nancy Lord** lived in Pahrump for a number of years.

Although **brothel** owner **Dennis Hof** died in nearby **Crystal**, he referred to himself in political ads as "The Trump of Pahrump," a sobriquet he credited to **Donald Trump** advisor **Roger Stone** (an early supporter of Hof).^[38] Hof was elected posthumously to a seat in the **Nevada Assembly** in 2018. A group of county commissioners within the legislative district was empowered to appoint a successor; Pahrump utility general manager **Gregory Hafen II** won appointment to the seat.

Libertarian writer and filmmaker **J. Neil Schulman**, author of *Alongside Night* (1978) and writer/producer/director of the indie film *Alongside Night*,^[39] lived in Pahrump. Schulman was the first to produce a film that featured Pahrump, in the script of *Lady Magdalene's*, which starred **Nichelle Nichols** as the owner of the title **brothel**.

In popular culture

[edit]

- In the film *Mars Attacks!*, Martians land in Pahrump and announce they have "come in peace", but soon kill most of the humans gathered there.^{[40][41]}
- Pahrump was featured in *Studio 60 on the Sunset Strip* in a two-part episode titled "Nevada Day." Part One aired November 6, 2006, and Part Two aired a week later on November 13. The scenes, however, were set only in the town jail and a small diner across the street, and the town itself was not featured, implying that Pahrump is much smaller than it actually is. ^[citation needed]
- The TV series *Get Shorty* is partly set in Pahrump.^[42] The city is the home town of main character Miles Daly, played by **Chris O'Dowd**.
- The TV series *Small Town News: KPVM Pahrump* is about the only TV station in Pahrump.^{[22][43]}
- Pahrump was featured in seasons 2, 3, and 4 of the TV series *Live PD* produced by **A&E (TV network)**.^{[44][45]}
- In *Harvey Birdman: Attorney General*, **Peter Potamus** runs a radio show, **HippoWars**, on **KHPO** broadcasting out of Pahrump.
- Pahrump was briefly referenced in season 5 of **iZombie**.

Quality Work! Friendly and respectful individuals in all my interactions throughout the project. I had my yard renovated with new artificial turf, decorative rocks, and a few trees. It looks beautiful and everything was completed in a timely and efficient manner. Highly recommended (if it is in your budget).

Workers were great, no problem they did what was required, but the representative of your company mislead me on what was to be done, I showed pictures from a competitor landscaper, representative stated he could bet there , , .

price, but since it wasn't in contract, I was left with uncomplicated backyard , working with owner at present, so he's been outstanding working on this situation, as amount of rock was way off and the owner did increase the amount substantially to finish the front yard. another landscaper under contract to finish the backyard. Would like to add a comment the manger/owner of Las Vegas yard n block stands behind his words and helped me tremendously on finishing up the backyard,

My initial contact was with Ray, whom did an excellent job giving me an estimate on what I wanted done in my small yard and walkway., the guys that came out and did the work were superior. They did an excellent job. I'm very pleased with this company. I will highly recommend them to family and friends, and I will be using them in the near future for other little projects.

Eric and team did an amazing job. They worked with me for months while I got HOA approval for the project. Once they began working they were great, going over everything in detail and making sure things were perfect. This project included wall repair, stucco and paint repair, paver and turf installation. Extremely satisfied with this experience.

We recently had a very positive experience with Rock N Block for our fence replacement. The entire process went smoothly and exceeded our expectations. Harvey and his team were incredibly professional and communicative throughout the project providing much-needed assurance and peace of mind. The crew was punctual and maintained a diligent and respectful attitude that made the experience pleasant. The crew finished the project ahead of schedule, and the quality of their work is impressive; our new wall looks great! We recommend Rock N Block for any fencing needs and look forward to working with them again. Thank you, Harvey and crew, for a job well done!

Frequently Asked Questions

Who are the leading synthetic turf suppliers in Las Vegas?

Some of the leading synthetic turf suppliers in Las Vegas include SYNLawn, Artificial Grass Liquidators, Nevada Turf Installers, and Las Vegas Artificial Lawns.

What are the benefits of installing synthetic turf over natural grass?

Synthetic turf requires less maintenance than natural grass as it doesn't need watering, mowing or fertilizing. It's also more durable and long-lasting, providing a green and lush appearance all year round.

Do these suppliers provide installation services for the synthetic turf?

Yes, most synthetic turf suppliers in Las Vegas like SYNLawn and Nevada Turf Installers provide professional installation services to their customers.

How much does it cost to install synthetic turf in Las Vegas?

The cost to install synthetic turf can vary greatly depending on the size of your area and type of artificial grass you choose. On average, you could expect to pay between \$5-\$20 per square foot for both product and installation.
